To: Hamilton County Drainage Board

Re: Cool Creek Drainage Area, H.G. Kenyon #90 Arm

Upon review of the Cool Creek Drain, I believe that the H.G. Kenyon Drain should be made an arm to the Cool Creek Drain, as the H.G. Kenyon Drain is a tributary to the Cool Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the H.G. Kenyon Drain when the remainder of the Cool Creek Drain is assessed for maintenance.

The H.G. Kenyon Drain was created by the Hamilton County Board of Commissioners in 1880. At present the H.G. Kenyon Drain maintenance assessment affects 165.62 acres and 671 lots. The rate of assessment for the drain is set at \$2.00 per acre with a \$5.00 minimum, and \$5.00 per lot. This rate collects \$3,762.44 annually and the balance within the fund is \$11,717.78. There are no outstanding work orders for this drain at this time.

The current maintenance assessments, as per the existing rates set for the Cool Creek Drain are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre with a \$25.00 minimum.
2. Maintenance assessment for agricultural tracts are set at \$2.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts are set at \$2.00 per acre with a \$15.00 minimum.

4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$35.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$25.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$10.00 per acre with a \$25.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$15.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$19,499.96.

The current balance of the H.G. Kenyon Drain shall be kept separate and these funds expended for needed maintenance on the H.G. Kenyon Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Cool Creek Drain fund.

Future assessments for the drainage area of the H.G. Kenyon Drain will be made into the Cool Creek Drain fund. No further maintenance collections for the H.G. Kenyon Drain shall be made after 2010 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for October 25, 2010.

Sincerely,

Kenton C. Ward, CFM  
Hamilton County Surveyor

KCW/pll

To the Hamilton County Drainage Board:

I am writing to state my objection to the proposed new assessment by the Drainage Board. I base my objection on the fact that this new amount represents a 500% increase in assessments/. No reason was given for this outrageous increase. Certainly Social Security payments have not increased that amount, nor has my retirement pension. In fact, the latter has significantly decreased in the past two years. I am sure I am not alone in experiencing financial difficulties at this time. People are losing their homes and finding it hard to feed and clothe their families. This new charge is excessive and repressive in this time of economic depression. I would urge the board to reconsider this action.

*Cool Creek, H. G. Kenyon Arm*

Sincerely,

  
Barbara Riege

Drainage Board :

From your letter I understand you propose to charge a \$25.00 fee for drainage (for which I pay \$5.00 for and am completely satisfied & happy). From \$5.00 to \$25.00 is a 400% increase. I know of no one getting an increase like that! I am 77 and O' Bama isn't even giving me a 1% cost of living increase. And when he is through with gov. spending - woa is us & all Americans. So yes, I am protesting any increase anywhere. Let Cool Creek pay their own way. It seems public confidants are on trial everywhere in U.S. for wrongly spending the public's money. Let's be conservative in our spending.

I oppose the rate increase from \$15 to \$25.

I could agree to a \$5 or \$10 increase  
but not higher.

Thomas Campbell

OBJECT: Cost is excessive. Take the fee out of property taxes.

OFFICE OF  
HAMILTON COUNTY DRAINAGE BOARD

Notice of Hearing to Establish Annual Assessments for the Periodic Maintenance of the Cool Creek Drainage Area, H.G. Kenyon Arm.

This is a condo + I do not own the lot/land.

Under the Indiana Drainage Code, all land which drains directly, or indirectly, is assessed for either maintenance cost or reconstruction cost within the drain. In making the calculation for each parcel, the Drainage Board must calculate the percentage of the cost attributable to each parcel of land benefited. From time to time the assessments may be increased or changed. The chart below contains your existing assessment, the proposed assessment, and your percentage of the total annual maintenance contribution to the costs attributable to providing drainage to your land.

The Drainage Board has received a maintenance report and schedule of assessments which affects your land. You are hereby notified that the maintenance report of the County Surveyor and the schedule of assessments made by the Drainage Board have been filed and are available for public inspection in the office of the County Surveyor.

The Surveyor has estimated that the annual cost of periodically maintaining the entire drain is \$19,499.96. The schedule of assessments shows you are the owner of tracts within the drainage shed. The following is your pro rata share for each tract and the proposed annual assessment for those tracts. This assessment is not a charge for services associated with regulating the quality of storm water within your city or town.

Description: 09-09-02-04-08-006.000	Rate	Acres/Lot Benefited	Current Assessment to H.G. Kenyon	Proposed Assessment to Cool Creek	Percentage of total assessment
Mapleton at Countryside Bldg 27 Unit 2701	Un-Reg Subd	One Lot	\$5	\$25	0.13%

It is proposed that the H.G. Kenyon Drain be combined as an arm of the Cool Creek Drainage Area. Future assessments will be made to Cool Creek instead of the H.G. Kenyon Drain.

A public hearing will be held by the Drainage Board in Commissioner's Court at 9:15 A.M. on October 25, 2010 on the Surveyor's maintenance report and the proposed schedule of assessments. The law requires that any objection must be written and filed not less than five (5) days before the above hearing on the ground that benefits assessed are excessive. Written evidence in support of objections may also be filed. The failure of any owner to file an objection constitutes a waiver of his right to thereafter object on such ground to any final action of the Board. On or before the hearing date the Surveyor or any owner of lands named in the schedule of assessments may cause written evidence to be filed in support of or in rebuttal to any objection filed.

October 18, 2010

Hamilton County Drainage Board  
One Hamilton County Square  
Suite 188  
Noblesville, IN 46060

We received a notice in the mail of the intent of the Drainage Board to increase our drainage assessment for the H.G. Kenyon Drain to be combined with the Cook Creek Drainage. We oppose the five hundred percent increase during these economic times. We are already being asked to approve a school referendum and increasing another one of our taxes is an inappropriate request at this time. We, like many households, have not received a raise from employers in well over three years and until there is more life brought back into this economy, we don't anticipate one anytime soon. So, just like everyone else, we have to make cuts where we can and make do with less.

We are asking that this increase be denied based on the fact that our economy is still weak and many families have received no increases, are unemployed or under employed, or on fixed incomes and have not received cost of living increases. In reviewing the Surveyors Report, I do not believe it is necessary to raise assessments at this time.

Thank you for taking the time to read our objection to the assessment increase.

Sincerely,

  
Gordon Haggard

FINDINGS AND ORDER

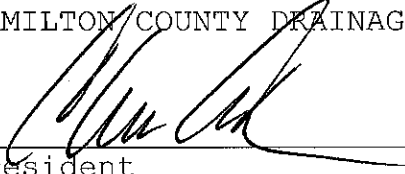

CONCERNING THE MAINTENANCE OF THE

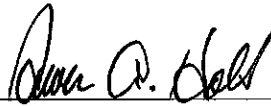

Cool Creek Drainage Area, H. G. Kenyon Arm

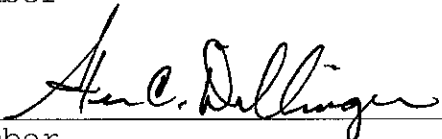

On this **25th day of October 2010**, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the **Cool Creek Drainage Area, H. G. Kenyon Arm**.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.

The following is your pro rata share for each tract and the proposed annual assessment for those tracts. This assessment is not a charge for services associated with regulating the quality of storm water within your city or town.

Description: 09-09-02-00-17-011.000	Rate	Acres/Lot Benefited	Current Assessment to H.G. Kenyon	Proposed Assessment to Cool Creek	Percentage of total assessment
Countryside 3B Lot 230	Un-Reg Subd	One Lot	\$5	\$25	0.13%
It is proposed that the H.G. Kenyon Drain be combined as an arm of the Cool Creek Drainage Area. Future assessments will be made to Cool Creek instead of the H.G. Kenyon Drain.					

A public hearing will be held by the Drainage Board in Commissioner's Court at 9:15 A.M. on October 25, 2010 on the Surveyor's maintenance report and the proposed schedule of assessments. The law requires that any objection must be written and filed not less than five (5) days before the above hearing on the ground that benefits assessed are excessive. Written evidence in support of objections may also be filed. The failure of any owner to file an objection constitutes a waiver of his right to thereafter object on such ground to any final action of the Board. On or before the hearing date the Surveyor or any owner of lands named in the schedule of assessments may cause written evidence to be filed in support of or in rebuttal to any objection filed.

## HAMILTON COUNTY DRAINAGE BOARD

Notice of Hearing to Establish Annual Assessments for the Periodic Maintenance of the  
Cool Creek Drainage Area, H.G. Kenyon Arm.

Gross, Nyree S  
427 Marengo Trl  
Westfield, IN 46074

Under the Indiana Drainage Code, all land which drains directly, or indirectly, is assessed for either maintenance cost or reconstruction cost within the drain. In making the calculation for each parcel, the Drainage Board must calculate the percentage of the cost attributable to each parcel of land benefitted. From time to time the assessments may be increased or changed. The chart below contains your existing assessment, the proposed assessment, and your percentage of the total annual maintenance contribution to the costs attributable to providing drainage to your land.

The Drainage Board has received a maintenance report and schedule of assessments which affects your land. You are hereby notified that the maintenance report of the County Surveyor and the schedule of assessments made by the Drainage Board have been filed and are available for public inspection in the office of the County Surveyor.

The Surveyor has estimated that the annual cost of periodically maintaining the entire drain is \$19,499.96. The schedule of assessments shows you are the owner of tracts within the drainage shed. The following is your pro rata share for each tract and the proposed annual assessment for those tracts. This assessment is not a charge for services associated with regulating the quality of storm water within your city or town.

Description: 09-09-11-00-13-008.000	Rate	Acres/Lot Benefited	Current Assessment to H.G. Kenyon	Proposed Assessment to Cool Creek	Percentage of total assessment
Countryside Sec. 11B Lot 782	Un-Reg Subd	One Lot	\$5	\$25	0.13%
It is proposed that the H.G. Kenyon Drain be combined as an arm of the Cool Creek Drainage Area. Future assessments will be made to Cool Creek instead of the H.G. Kenyon Drain.					

A public hearing will be held by the Drainage Board in Commissioner's Court at 9:15 A.M. on October 25, 2010 on the Surveyor's maintenance report and the proposed schedule of assessments. The law requires that any objection must be written and filed not less than five (5) days before the above hearing on the ground that benefits assessed are excessive.
