TO: Hamilton County Drainage Board

December 17, 1998

RE: Springmill Villages Drain, The Meadows Section 4A Arm

Attached is a petition, non-enforcement request, plans, calculations, quantity summary and assessment roll for The Meadows Section 4A Arm, Springmill Villages Drain. I have reviewed the submittals and petition and have found each to be in proper form.

I have made a personal inspection of the land described in the petition. Upon doing so, I believe that the drain is practicable; will improve the public health; benefit a public highway and be of public utility; and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

6" SSD	2196 ft	30" RCP	223 ft	Open Ditch	75 ft
12" RCP	207 ft	33" RCP	232 ft		
15" RCP	168 ft	36" RCP	199 ft		

The total length of the drain will be 3,300 feet.

The retention ponds (lakes) located in Block E is not to be considered part of the regulated drain. Only the inlet and outlet will be maintained as part of the regulated drain. The maintenance of the pond (lake) will be the responsibility of the Owners Association. The Board will however, retain jurisdiction for ensuring the storage volume for which the lake was designed will be retained. Thereby, allowing no fill or easement encroachments.

The subsurface drains (SSD) to be part of the regulated drain are those located under the curbs. Only the main SSD lines which are located within the right of way are

to be maintained as regulated drain. Laterals for the individual lots will not be considered part of the regulated drain.

The open ditch which is listed above is that portion of the outfall for the retention area in block E from STR 642 to the East Side of the structure under Oak Ridge Road.

I have reviewed the plans and believe the drain will benefit each lot equally. Therefore, I recommend each lot be assessed equally. I also believe that no damages will result to landowners by the construction of this drain. I recommend a maintenance assessment of \$30.00 per lot, \$5.00 per acre for roadways and tracts, with a \$30.00 minimum. With this assessment the total annual assessment for this drain/this section will be \$750.00.

Parcels assessed for this drain may be assessed for the Overman-Harvey and/or Wheeler & Beals or Cool Creek Drain at sometime in the future.

I believe this proposed drain meets the requirements for Urban Drain Classification as set out in IC 36-9-27-67 to 69. Therefore, this drain shall be designated as an Urban Drain.

I recommend that upon approval of the above proposed drain that the Board also approve the attached non-enforcement request. This request is for the reduction of the regulated drain easement to those easement widths as shown on the secondary plat for Springmill Villages, The Meadows Section 4A as recorded in the office of the Hamilton County Recorded.

I recommend the Board set a hearing for this proposed drain for January 25, 1999.

Sincerely,

Kenton C. Ward  
Hamilton County Surveyor

FINDINGS AND ORDER  
CONCERNING THE MAINTENANCE OF THE  
SPRINGMILL VILLAGES, THE MEADOWS SECTION 4A

On this *25th day of January 1999*, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the *Springmill Villages, the Meadows Section 4A Drain*.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.

Re: Springmill Villages Drain:  
 The Meadows at Springmill Villages Sec 4A

Attached are as-builts, certificate of completion & compliance, and other information for The Meadows Sec 4A. An inspection of the drainage facilities for this section has been made and the facilities were found to be complete and acceptable.

During construction, changes were made to the drain, which will alter the plans submitted with my report for this drain-dated December 14, 1998. The report was approved by the Board at the hearing held January 25, 1999. (See Drainage Board Minutes Book 5, Pages 71-73) The changes are as follows:

Structure:	T.C.:	I.E.:	Pipe:	Length:	Original Plans:	Difference:
OS5		880.15				
634	890.69	882.07	15	142	140	2
634	890.69	882.07				
635	890.69	882.69	15	28		
635	890.69	882.69				
636	891.21	883.61	12	37		
636	891.21	883.61				
637	887.9	885.35	12	169	170	-1
604		874.87				
605	882.97	875.12	36	162	164	-2
605	882.97	875.12				
606	883	875.2	36	28		
606	883	875.2				
607	885.81	875.71	36	53	52	1
607	885.81	875.71				
608	883.28	876.48	36	155	152	3
608	883.28	876.48				
609	884.58	877.32	30	224	223	1
OS6	880.65	875.75				
OS7 Final Location		874.71	36	77		

**6" SSD Streets:**

COLUMBINE LANE	1098

15	170
30	224
36	475
<b>Total</b>	<b>1075</b>

<b>Other Drain:</b>	
Open Ditch	75

Therefore, the length of the drain remains at **3346 feet**.

The non-enforcement was approved by the Board at its meeting on January 25, 1999 and recorded under instrument #9909924009.

The bond or letter of credit from Amewest Surety Insurance Company, number 1380104; in the amount of \$110,475.00; was released June 29, 1999.

I recommend the Board approve the drain's construction as complete and acceptable.

Sincerely,

---

Kenton C. Ward,  
Hamilton County Surveyor
