Re: O. F. Henley Drain

Attached is a petition and plans for the proposed relocation of the O. F. Henley Drain. The relocation is being proposed by Ditch Road Properties, LLC. The proposal is to reconstruct the O. F. Henley Drain through Saddle Creek from the south line of Tract 17-09-21-00-00-003.000 to the west line of Saddle Creek Section 9, at which point it will connect to an existing storm sewer.

The line will consist of the following:

Open Ditch (Lakes 4 & 5)	500 ft	18" CMP	20 ft
12" RCP	495 ft	Twin 54" RCP	156 ft

The total length of new tile shall be 1,171 feet. The 1,150 feet of original drain between approximately Sta 34+50 and approximately Sta 46+00 shall be vacated. This proposal will add an additional 21 feet to the drains total length.

The cost of the relocation is to be paid by Ditch Road Properties, LLC. Because the project is to be paid by the petitioner and is within the boundaries of the petitioner's property, the project falls under the requirements as set out in IC 36-9-27-52.5. Therefore, a hearing is not required for the petition.

The petitioner has provided the Performance Bond as follows:

Name of Bonding Co.: Golf Insurance Company
 Bond No.: B21857075
 Bond Date: June 28, 2002
 Bond Amount: \$307,570.00

I recommend approval by the Board at this time.

Sincerely,

 Kenton C. Ward
 Hamilton County Surveyor
