Re: Henry Gunn Drain, State Road 37 Extension

Attached is a drain map, drainage shed map and schedule of assessments for the extension of the Henry Gunn Drain. This proposed drain is located in White River Township.

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch 148 ft.

The total length of the drain will be 148 feet.

The extension will begin at the existing north Right of Way line of State Road 37 and extend across to the south Right of Way line of State Road 37.

There will be no assessment charged at this time.

The easements for the drain should be set at 75' from top of bank as set out in IC 36-9-27-33.

I recommend that the Board set a hearing for this proposal for January 27, 2020.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor
