Re: Little Eagle Creek Drain, Maple Village Section 6A & 6B Arm

Attached is a petition filed by Platinum Properties, LLC, along with a non-enforcement request, plans, calculations, quantity summary and assessment roll for the Maple Village Section 6A & B Arm, Little Eagle Creek Drain to be located in Washington Township. I have reviewed the submittals and petition and have found each to be in proper form.

I have made a personal inspection of the land described in the petition. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway, and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

12" RCP	872 ft.	24" RCP	460 ft.
15" RCP	287 ft.	30" RCP	308 ft.
18" RCP	143 ft.	6" SSD	7,280 ft.
21" RCP	672 ft.		

The total length of the drain will be 10,022 feet.

The subsurface drains (SSD) to be part of the regulated drain are those located under the curbs and those main lines in rear yards. Only the main SSD lines which are located within the easement or right of way are to be maintained as regulated drain. Laterals for individual lots will not be considered part of the regulated drain. The portion of the SSD which will be regulated other than those under curbs are as follows:

Rear yard lots 369 to 380  
 Rear yard lots 365 to 368  
 Rear yard lots 346 to 364

I have reviewed the plans and believe the drain will benefit each lot equally. Therefore, I recommend each lot be assessed equally. I also believe that no damages will result to landowners by the construction of this drain. I recommend a maintenance assessment of \$65.00 per platted lot, \$10.00 per acre for common areas, with a \$65.00 minimum, and \$10.00 per acre for roadways. With this assessment the total annual assessment for this drain for Section 6A will be \$3,582.00 and for Section 6B will be \$922.90.

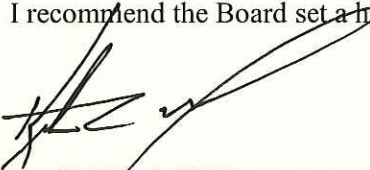

The petitioner has submitted surety for the proposed drain at this time. The sureties which are in the form of a Performance Bond from contractor and cash bond from developer are as follows:

Agent: Merchants Bonding Company  
Date: August 13, 2013  
Number: INC 45543  
For: Storm Sewers & Sub-Surface Drains  
Amount: \$274,579.20

I believe this proposed drain meets the requirements for Urban Drain Classification as set out in IC 36-9-27-67 to 69. Therefore, this drain shall be designated as an Urban Drain.

I recommend that upon approval of the above proposed drain that the Board also approve the attached non-enforcement requests. The request will be for the reduction of the regulated drain easement to those easement widths as shown on the secondary plats for Maple Village (aka Sonoma) Section 6A and Maple Village (aka Sonoma) Section 6B) as recorded in the office of the Hamilton County Recorder.

I recommend the Board set a hearing for this proposed drain for November 25, 2013.

- (b) benefit a public street
- (c) be of public utility

Petitioner agrees to pay the cost of construction of the drainage system and requests periodic maintenance assessments by the Board thereafter.

The Petitioner also agrees to the following:

1. To provide the Drainage Board a Performance Bond or Non-Revocable Letter of Credit for the portion of the drainage system which will be made a regulated drain. Failure to comply with the Erosion Control Plan shall be determined by the Board as being an obstruction to the drainage system. The County Surveyor shall immediately install or repair the needed measures at Petitioners cost as per IC 36-9-27-46

The Petitioner further requests that the Drain be classified as an Urban Drain as per IC 36-9-27-69(d).
