RE: Mallery-Granger Ditch

Attached is a non-enforcement request for the Mallery-Granger Ditch for Lots 1 and 2 in the Harbour Acres Subdivision. I have examined the request and believe that approval of the request will not be detrimental to the drain. Therefore, I recommend the Board's approval of the request.

BEFORE THE HAMILTON
COUNTY DRAINAGE BOARD

8906776

On the request of MICHAEL GOCCNER the Hamilton
County Drainage Board considered the extent of the drainage easement on
the MAWERY CRANER Drain on parcel number 06-24-00-00-013.304 5ac

The legal description for this parcel is found in Deed Record 890 Page 3085
in the Hamilton County Recorders Office. The undersigned owners of record
hereby agree and covenant with this Board that:

1. Neither the Hamilton County Drainage Board nor any Contractor or workman
operating under the authority of said Board will be liable for any damages
resulting from construction, reconstruction or maintenance of the above named
drain at said location, whether to the real estate or improvements thereon,
and said owners, their grantees and assigns do release and agree to hold the
Board harmless from any such damage.

2. The Board will not enforce the easement beyond a distance of 60 FEET
from the top of the SOUTH side of the bank/~~center line of the tile~~ of the
said ditch at that location.

3. The Board will not object to the improvement of the the said real estate
at a distance beyond the enforced portion of the easement.

4. Other conditions _____

THIS AGREEMENT WILL BECOME EFFECTIVE UPON RECORDING. This Instrument Recorded 4-6- 1989

Re: Mallery Granger Drain

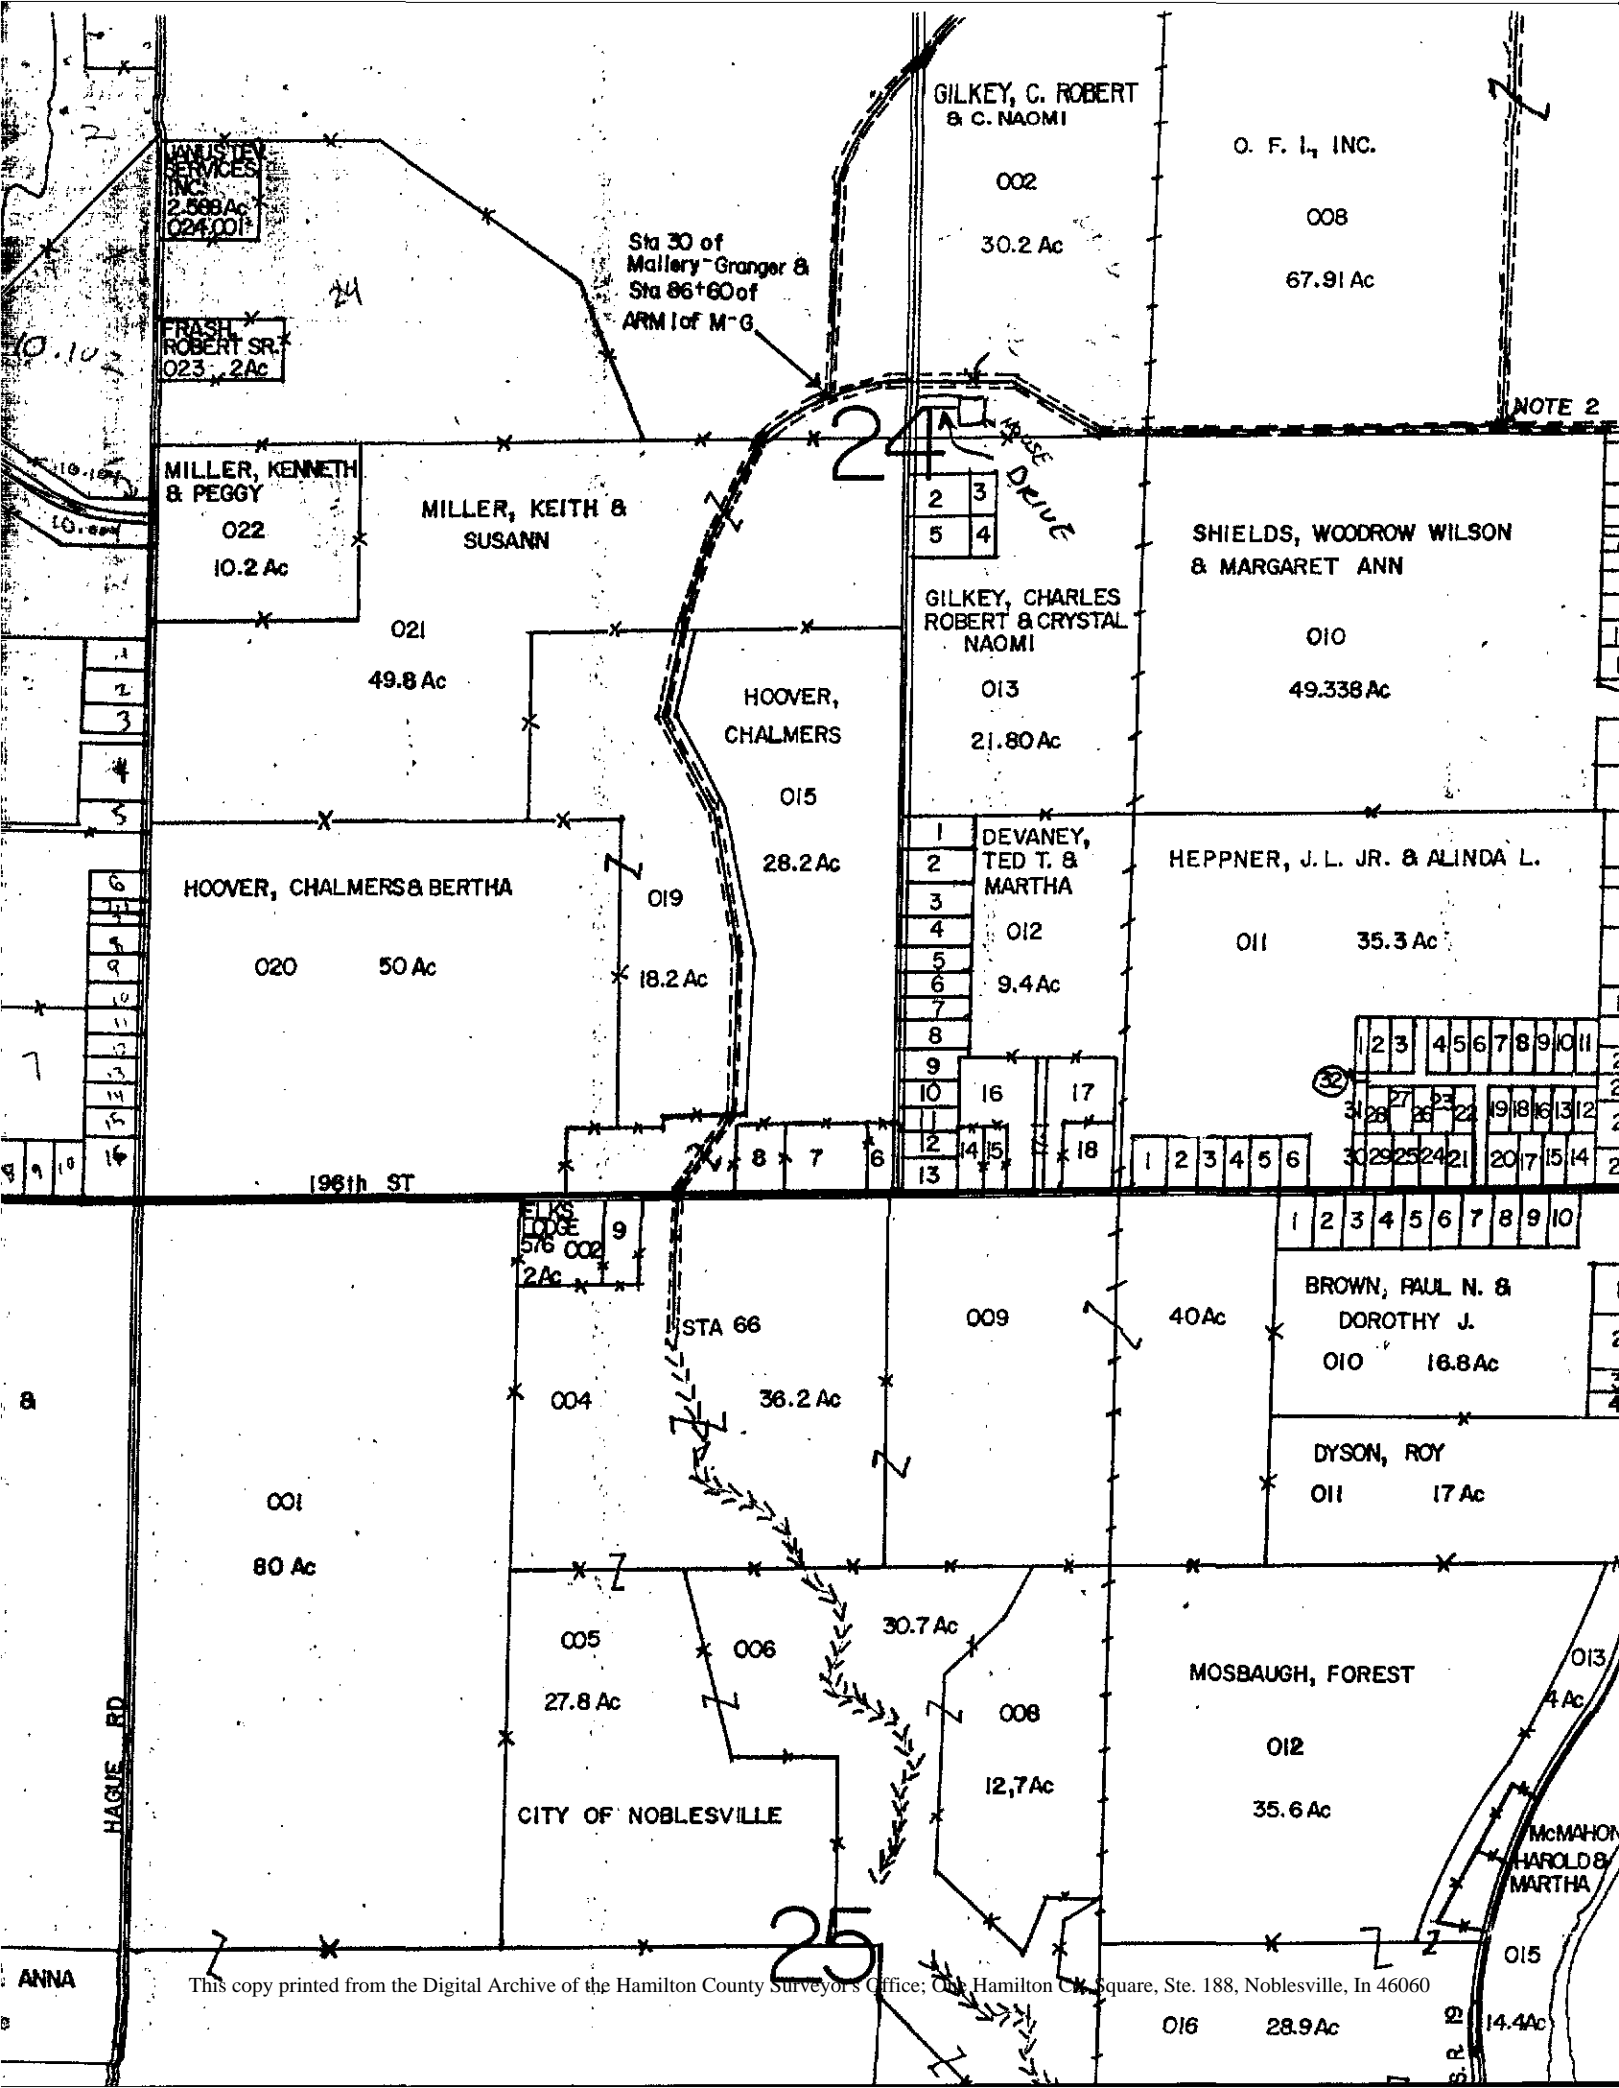

Attached is a non-enforcement request filed by Michael Gollner for the Mallery Granger Drain. Upon review of the request, I do not believe the proposed residence location will adversely affect the future maintenance or reconstruction. Therefore, I recommend the Board approve the request contingent upon the following items:

1. Reduction of easement to 60 feet from top of bank be for south side of drain only.
2. No reduction of easement on north side of drain be allowed.

RECORDER HAMILTON CO., IN

Revised 1/1992

STATE OF INDIANA)
)
COUNTY OF HAMILTON)

95 NOV 27 PM 2: 58
BEFORE THE HAMILTON

COUNTY DRAINAGE BOARD

On the request of Noblesville Wastewater ^{Utility} the Hamilton County Drainage Board considered the extent of the drainage easement on the Mallery-Granger Drain for the construction of a sanitary sewer. This Board and the undersigned agree that neither the Hamilton County Drainage Board nor any Contractor nor Workman operating under the authority of said Board will be held liable for any damages resulting from construction, reconstruction or maintenance of the above named drain due to the construction and installation of the sanitary sewer. The construction will not result in a structure closer than 30 feet of the top of bank of the drain as per plans submitted with this request.

The construction of the sanitary sewer within the regulated drain easement involves the following property owner and tracts in Noblesville Township, Hamilton County, Indiana.

Reference dated 6/27/69.

The Board agrees that it will not enforce the easement beyond the distance specified in paragraph one (1).
Noblesville Department of Parks & Recreation - Tax Parcels 06-25-00-00-004, 005, 006, 007, 008, 021

The granting of consent by the Hamilton County Drainage Board to Noblesville Wastewater for the construction of a sanitary sewer on and across the above named individuals and tracts within the regulated drain easement does not eliminate the requirement of the Noblesville Wastewater Utility from acquiring easement rights from said property owners.

THIS AGREEMENT WILL BECOME EFFECTIVE UPON RECORDING

DATED THIS 27th DAY OF November 19 95.

Re: Mallery-Granger

Attached is a non-enforcement request for the Mallery-Granger Drain filed by The City of Noblesville, Wastewater Division. The request is for the sanitary sewer on parcels #06-25-00-00-004, 005, 006, 007, 008 & 021. The sanitary sewer will be located 30' feet from the drain.

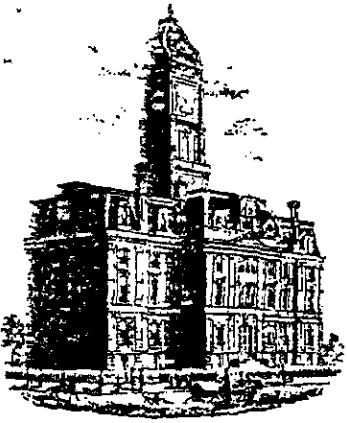

Upon review of the request, I believe that approval of the request will not be detrimental to the future maintenance or possible reconstruction of the drain. Therefore, I recommend the Board approve the request with the following contingency:

ALL MANHOLE STRUCTURES ARE TO BE LOCATED NO CLOSER THAN 30'
FROM THE TOP OF BANK

COUNTY OF HAMILTON)

KKH-2000-333

BEFORE THE HAMILTON
COUNTY DRAINAGE BOARD

On the request of David M. Savidge the Hamilton
County Drainage Board considered the extent of the drainage easement on
the MALLERY-GRANGER DITCH Drain on parcel number 06-24-00-01-006.000

The legal description for this parcel is found in Deed Record 12 Page 116-117
in the Hamilton County Recorders Office. The undersigned owners of record
hereby agree and covenant with this Board that:

1. Neither the Hamilton County Drainage Board nor any Contractor or workman
operating under the authority of said Board will be liable for any damages
resulting from construction, reconstruction or maintenance of the above named
drain at said location, whether to the real estate or improvements thereon,
and said owners, their grantees and assigns do release and agree to hold the
Board harmless from any such damage.

2. The Board will not enforce the easement beyond a distance of 40 FEET
from the top of the SOUTH side of the bank/center line of the tile of the
said ditch at that location.

3. The Board will not object to the improvement of the the said real estate
at a distance beyond the enforced portion of the easement.

4. Other conditions _____

THIS AGREEMENT WILL BECOME EFFECTIVE UPON RECORDING.

RE: MALLEY - GRANGER DRAIN

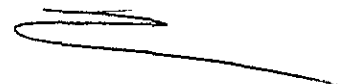

ATTACHED IS A NONENFORCEMENT REQUEST FROM DAVID & BONNIE SAUDIGE ON THE MALLEY - GRANGER DRAIN. THE PURPOSE OF THE REQUEST IS FOR THE RELOCATION OF A SINGLE FAMILY RESIDENCE ON LOT ONE OF HARBOUR ACRES.

~~IN~~ ^{FEBRUARY} 1986 A NONENFORCEMENT ~~IS~~ WAS GRANTED FOR LOT 1. THIS ALLOWED AN EASEMENT REDUCTION DOWN TO 50 FEET FROM THE CENTER LINE OF THE DRAIN. ^{THE MEASUREMENT OF THE WIDTH} OF THE DRAIN FROM TOP OF BANK TO TOP OF BANK AT JAMES ROAD IS 28 FEET. ~~APPROXIMATELY 20 FEET FROM THE TOP OF BANK.~~

THEREFORE, THE EFFECTIVE EASEMENT REDUCTION IN 1986 WAS 36 FEET FROM THE TOP OF BANK.

ACCORDING TO THE FORM THE REQUEST IS FOR 40 FEET FROM THE TOP OF BANK. IF THIS IS THE CASE THE REQUEST IS NOT NEEDED BECAUSE THE EXISTING EASEMENT IS APPROXIMATELY THE SAME OR LESS. ^{AND THEREFORE UNNEEDED.} IF THE INTENT OF THE REQUEST IS TO REDUCE THE PAVED EASEMENT TO 40 FEET THEN THE EASEMENT WOULD NOT BE ADEQUATE FOR FUTURE MAINTENANCE OR RECONSTRUCTION OF THE DITCH.

IN EITHER CASE AS DISCUSSED ABOVE, I WOULD RECOMMEND THE BOARD DENY THE REQUEST.

HAMILTON COUNTY DRAINAGE BOARD

COURT HOUSE

NOBLESVILLE, INDIANA 46060

February 17, 1989

TO: Hamilton County Drainage Board

RE: Mallery and Granger Drain/Ditch

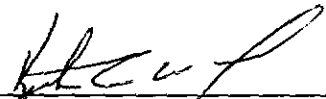

Attached is a non-enforcement request from David & Bonnie Savidge on the Mallery and Granger Drain/Ditch. The purpose of the request is for the placement of a single family residence on Lot One of Harbour Acres.

In February 1986, a non-enforcement was granted for Lot 1. This allowed an easement reduction down to fifty (50') feet from the center line of the drain/ditch. The measurement of the width of the drain from Top of Bank to Top of Bank at James Road is twenty-eight (28') feet. Therefore, the effective easement reduction in 1986 was thirty-six (36') feet from the Top of Bank.

According to the form the request is for forty (40') feet from Top of Bank. If this is the case the request is not needed because the existing easement is approximately the same or less and therefore un-needed. If the intent of the request is to reduce the platted easement to forty (40') feet then the easement would not be adequate for future maintenance or reconstruction of the ditch.

In either case as discussed above, I recommend the Board deny the request.

BEFORE THE HAMILTON
COUNTY DRAINAGE BOARD

On the request of Robert Cruzan the Hamilton
County Drainage Board considered the extent of the drainage easement on the
Mallery-Granger Drain in the Harbour Acres
Subdivision. Upon the agreement in writing by the recorded owner (s) of land
involved that such owner (s) agrees and covenants that neither the Hamilton
County Drainage Board nor any Contractor nor Workman operating under the
authority of said Board will be held liable for any damages resulting from
construction, reconstruction or maintenance of the above named drain at said
location, whether to the real estate or improvements thereon the Board agreed:

- 1: That it will not enforce the easement beyond those shown on the subdivision plat recorded in Plat Book 18, Page 116-117 in the Hamilton County Recorders Office,
- 2: will not object to the improvement of said real estate beyond such distance, and
- 3: Other conditions request limitation of drainage easement to 40' - Mallery-Granger Ditch

THIS AGREEMENT WILL BECOME EFFECTIVE UPON RECORDING.

RE: Mallery-Granger Drain

Attached is a non-enforcement request for the Mallery-Granger Drain from Robert and Norma Cruzan. Upon review, I found that a non-enforcement was granted in 1986 for Lots 1 and Lots 2 of Harbour Acres, reducing the easement to fifty (50') feet on the East-West Arm.

In regard to the request before the Board, I recommend the Board deny it for the following reasons:

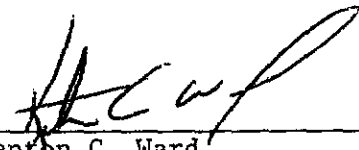

1. The open regulated drain is now Number 24 on the Reconstruction List. When reconstructed, machinery will be on the East side of the drain, no matter which side of the drain the working side will be. Also, since no plan is made at this time, it is not known how much excavation will be done nor what structures will be needed.
2. The existing non-enforcement allows a residence be constructed on Lots 1 and 2. Adequate space for a residence exists on Lots 3 to 6 without a non-enforcement.
3. If non-enforcement is needed on a particular lot for a specific system, it can be made on a per lot basis. In this manner more control can be made as to what the non-enforcement is for, where-as in a blanket reduction that control is lost.
4. Any non-enforcement should have a site plan attached.

RE: Mallery-Granger Drain

On December 14th, the Hamilton County Drainage Board moved to deny the non-enforcement request for the six (6) lots in Harbour Acres. The reasons for denial are listed below.

1. The open regulated drain is now Number 24 on the Reconstruction List. When reconstructed machinery will be on the East side of the drain, no matter which side of the drain the working side will be. Also, since no plan is made at this time, it is not known how much excavation will be done nor what structures will be needed.
2. The existing non-enforcement allows a residence be constructed on Lots 1 and 2. Adequate space for a residence exists on Lots 3 to 6 without a non-enforcement.
3. If non-enforcement is needed on a particular lot for a septic system, it can be made on a per lot basis. In this manner more control can be made as to what the non-enforcement is for, where-as in a blanket reduction that control is lost.
4. Any non-enforcement should have a site plan attached.

If you have any questions please contact me.

Sincerely,

Kenton C. Ward
Hamilton County Surveyor
