We the viewers would further report that in our opinion it is ineproducable to all said ditch for construction for the reasons, we believe the work can be done in less time and to a better advantage to sell the contract to our evertractor and we recontroud the anditir sell the same in accordance with the law in Such cases.

11 46 " " 54+60 " " "

. W. P. St. Linton. . Earl Klipfur. . Ralph Lo Hlaviders.

To	the Honorable Board of Commissioners of <i>Harrellon</i> County, Indiana:
30	The the undersigned appointed by this Court at its Charlet Kea. Term, 1902, to view a drain described in the certified
cop	of a netition and order of Court for a disch , by O. W. Boothe 43 4. C. Salead and others,
har	ded us by the Auditor, would represent that according to said order we, on the day named therein, to wit: The
a#	a civil engineer, made an accurate
SUF	very of the line of said proposed dich , from its source to its outlet. A plat of said dich is filed herewith,
inc	buding the survey by the engineer, marked "Exhibit" 3 ." We caused stakes to be set along said line, each one hundred feet, numbering
dou	on stream, as shown by plat. We also made a computation of the total number of cubic yards of earth to be removed from said drain, and
est	mated the total cost for the construction of the work at $\frac{1}{96}$
W	also apportioned and set apart to each parcel of land a share of said-work in propertion to the benefits received, all of which will fully appear
l <del>sy</del>	tabular statement in this report. We have also set out, by a statement below, the names of the owners of lands benefited, with a description
of	each tract of land, and the amount assessed against each tract. The depth of cut, the width at bottom, and width at top along said drain, is
als	shown in a tabular statement in this report. After a full and careful view and examination, we are of the opinion that the drain, as located
by	the survey, will be of public utility and convenience and The cost of construction will be
le	so than the benefits to be derived therefrom; and that said drawage can fest be accomplished
fal	at tile draine from the sensel to ite outlet. From Stake o to Stake / Shall consist of one now of
ide	I til for Stake 11 to Stake 54+5 oft shall consist of our row of 14 mich tile and from stake
.5247	504 to State 54+60H- Shall couriet of one how of 15 mich self-glazed seever tile. There shall be
a s	taning wall 28' x 2' x 6 built of filld rocks or nigerheads laid up in mortar made from
one.	part portland cornered to three parts good sharp sound: The tile shall be placed through
this is	all ou proper yzade, and thoroughly shished with murbos around the like we the
The	all on proper grade, and thoroughly slushed with murbos around The tile six The wall.
auch	and the contract of dirt to be removed from each share, price thereof per cubic yard, and total cost of each share:
