Re: Russell Johnson Drain

Attached is a petition and plans for the proposed relocation of the Russell Johnson Drain. The relocation is being proposed by Cellular One of Indianapolis. The proposal is to relocate the open ditch between stations 10 + 50 and 12 + 80 by construction of a new open ditch which will shorten the existing open ditch.

The new drain will be located on the Cellular One Property, tract 13-11-33-00-003.001. The relocation will remove the drain from tract 13-11-33-00-003.003 which is owned by Binsbacher, Jon Michael & Cate Carrington.

The total length of new open ditch shall be 200 feet. The 230 feet of original drain between Stations 10 + 50 and Stations 12 + 80 shall be vacated. This proposal will remove 30 feet of the drains total length.

The relocation was completed by Hamilton Southeastern Utilities.

I recommend the Board set a hearing for this matter for December 22, 2003.
