SURVEYOR'S OFFICE

Hamilton County

Kenton C. Ward, Surveyor

Suite 146

776-8495

One Hamilton County Square

Noblesville, Indiana 46060-2230, ^{May 14,} 1993

To: Hamilton County Drainage Board

Re: Shyrocks Drain

Attached is a petition filed by James L. & Mary L. Waltz for the extension of the Shyrocks Drain. This extension would be across the Waltz property running from Station 50+13 of the drain approximately 750 feet south in the existing channel to the south line of the Waltz property. The new station would be approximately 57+63. I have viewed this section of ditch and found the existing channel to be in good condition and no work is required at this time.

By adding this length additional drainage shed will be added also. The changes to the drainage shed are as follows:

<u>Owner</u>	<u>Parcel</u>	<u>Acres in Tract</u>	<u>Present Assessment</u>	<u>Revised Assessment</u>
Waltz, James L. & Mary Lou	07-05-00-00-017.000	39.36Ac	0.80Ac	17.0 Ac
Waltz, James L. & Mary Lou	07-05-00-00-004.000	80.40Ac	9.00Ac	20.4 Ac
Waltz, James L. & Mary Lou	07-05-00-00-018.000	40.00Ac	1.00Ac	35.0 Ac
Cook, J. Bradley & Christine	07-05-00-00-014.001	53.81Ac	0	1.3 Ac
Baker, James A.	07-05-00-00-013.002	2.48Ac	0	0.4 Ac
Cain, Jack A. & Carmen	07-05-00-00-014.000	4.59Ac	0	1.2 Ac
Hamilton County Highway	99-99-99-99-999.001	Overdorf Rd	53.29Ac	54.69Ac

This extension will not require an increase in the \$1.25 per acre assessment for the drainage shed. I do however recommend increasing the minimum assessment to \$5.00 at this time.

I recommend a hearing be set on this matter for the July Drainage Board meeting.

 Kenton C. Ward,
 Hamilton County Surveyor

DRAINAGE BOARD
MINUTE BOOK #3

Mr. Steven A. Holt made the motion to approve the Surveyor's report on the William Shyrock Drain, seconded by Mr. Steven C. Dillinger and passed unanimously.

Mr. Frank Fraley stated he does not object to the project he just wants a review of the drainage shed, concerning his property.

The Drainage Board Secretary took his name and number for a future meeting in the office to discussion the topo of his land.

There were no landowners present nor written objections on file for the vacation hearing on the Washington McWhorter Drain.

W. McWHORTER DRAIN
VACATION HEARING

The Surveyor presented his report to the Board on the Petition for vacation of the McWhorter Drain.

Mr. Steven A. Holt made the motion to approve the request for vacation of the Washington McWhorter Drain, seconded by Mr. Steven C. Dillinger and passed unanimously.

The following were present for discussion concerning the Noblesville High School new project and its effect on the Elwood Wilson Drainage Area: Joe Hoffman, Jim Selliffe, Tom Engle, Lynn Lestman and James Wakelam and the High School's Attorney Jack Hittle.

DISCUSSION E. WILSON
DRAINAGE AREA-HIGH SCHOOL

Mr. Jack Hittle spoke to the Board about relocating the tile drain across Noble Manor Apartments to State Road #32 and install a larger culvert. The school had allocated \$400,000.00 toward the cost of off-site drainage for the reconstruction of Elwood Wilson Drainage Area. The school wanted the Board's input as to whether the County, City and State would be willing to pay the balance of the reconstruction project.

The Surveyor stated that a petition (IC 36-9-27-22) is needed for reconstruction of the Elwood Wilson Drain from Field Drive to Conner Street, thence South to the open ditch and from Cumberland Road to Nineteenth Street.

The Surveyor further stated that plans would be needed before he would have a cost estimate for this project.

The Board assured Mr. Hittle-Noblesville High School representative, that it would co-operate with this project. The Board would need to know the cost estimate of this project before it would have a firm answer.

The Attorney, in the presence of the Board, opened the three (3) bids for the Burkhardt Drain project. The bids were from David Leeman Construction, John Hendricks Excavating and Culy Construction.

BID LETTING
BURKHARDT DRAIN

The bids were read in part and summarized by the attorney.

Mr. Steven A. Holt made the motion to refer the bids to the Surveyor for his recommendation, seconded by Mr. Steven C. Dillinger and passed unanimously.
