Re: Stony Creek Drain, Stony Creek Estates Extension

Attached is a drain map, drainage shed map and schedule of assessments for the extension of the Stony Creek Drain. This proposed drain is located in Noblesville Township.

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch 2,842 ft.

The total length of the drain will be 2,842 feet.

The extension will begin at the south side of tract 11-11-04-00-07-026.000 and following the existing open ditch downstream in a westerly direction to the west line of tract 11-11-04-00-05-016.000.

The current rates for the Stony Creek Drain were set per my report dated June 6, 2006 and approved at hearing on July 24, 2006 (HCDB Minutes Book 9, Pages 334 to 336). The annual maintenance collection for this extension will be \$118.32.

I believe this proposed drain meets the requirements for Urban Drain Classification as set out in IC 36-9-27-67 to 69. Therefore, this drain shall be designated as an Urban Drain.

The nature of maintenance work required is as follows:

1. Bank erosion protection and/or seeding as might be required;
2. Removal of debris and/or blockages from existing open drain;
3. Removal of beaver dams;
4. Any other repairs necessary to restore proper flow to the open ditch.

The frequency with which maintenance work should be performed is annually as required by the condition of the drain.

The easements for the drain should be set at 75' from top of bank as set out in IC 36-9-27-33 but shall not extend out of the area within OCA #8 in Stoney Creek Estates Section 3, Waters Edge as recorded in Plat Cabinet 3, Slide 362 and within OCA #10 in the Stoney Hollow at Stoney Creek Estates Section 4 as recorded in Plat Cabinet 3, Slide 607. Both plats are recorded in the office of the Hamilton County Recorder. Additional drainage easement will be added to the following tracts:

<u>Parcel</u>	<u>Acres</u>	<u>Owner</u>
11-11-04-00-07-026.000	9.73	Stoney Creek Estates LLC
11-11-04-00-05-016.000	13.93	Stoney Creek Estates LLC

I recommend that the Board set a hearing for this proposal for May 27, 2008.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor
