Re: A J Brock Drain – Hazel Dell Road Reconstruction

Attached is a petition and plans for the proposed relocation and reconstruction of the A J Brock Drain. The relocation and reconstruction is being proposed by the City of Noblesville. The proposal is to reconstruct the A J Brock legal drain within the Hazel Dell Road right of way.

This reconstruction is being done as part of the Hazel Dell Road project per plans submitted by American Consulting, Inc., dated February 6, 2007, job number IN20050304. Per the plans, a portion of the drainage from the Russell Shuggart and Emily Vestal Sheds is being directed towards the A J Brock Legal Drain. This is reflected on the plans by American Consulting from Station 277 + 85 to 302+50. The project will also remove the existing A J Brock from Sta 0 to Sta 1+94. The project will also include removing 90' of 12" tile of the main A J Brock tile under 169th Street. This will occur at Sta. 12+10 to Sta.13+00. It will be replaced with 90' of 12" RCP tile between Structures 515 to 517 as noted on the plans.

This project will also remove and replace the existing A J Brock Arm 1 from Sta. 0+00 to Sta. 11+95. Sta. 11+95 was the beginning station referred to in my reconstruction report for The Essex of Noblesville dated August 9, 2006 and approved by the Board at hearing on August 14, 2006, (Drainage Board Minutes Book 9, pages 359 – 360.) The above mentioned plans outline the new Arm 1 between station 278+74 and 290+20.

The new main drain consists of the pipe lengths between the following structures: 261, 262, 263, 264, 255, 245, 239A, 231, 223, 208, 197, 186, 182, and 175. Also those pipe lengths between structure 245 and 246, 208 and 209, 231 and 231A.

The new Arm 1 will consist of the pipe lengths between the following structures: 216, 211A, 202A, 194A, 191A, 183A, 182, 175, where it will terminate in the new main drain. Also those pipe lengths between structure 511 and 216, 211 and 211A, 202 and 202A, 194 and 194A, 191 and 191A, 183 and 183A.

Main Drain

12" RCP 180'
15" RCP 15'
36" RCP 900'
42" RCP 1575'
48" RCP 87'

The length of new drain for the main line will be 2757 feet.

Arm 1

12" RCP 48'
18" RCP 16'
36" RCP 415'
42" RCP 797'
60" by 38" RC Elliptical pipe 146'

The length of new drain for Arm 1 will be 1422 feet.

Total Length of New Drain will be 4179 feet.

The distance between centerlines of the existing Arm 1 and the new drain between structures 211A and 183 A varies between 0 and 7 feet. Therefore, I recommend that the easement remain as it exists. This will be an average distance of 58 feet west of the new right of way line. The easement for the new main drain between structure 175 and 264 shall be held within the new right of way for Hazel Dell Road.

The cost of the relocation is to be paid and constructed by the City of Noblesville. Therefore, a performance bond is not required. The project falls under the requirements as set out in IC 36-9-27-52.0. Therefore, a hearing is required for the petition. I recommend that the board set the hearing for May 29, 2007.

Sincerely,

Kenton C. Ward, CFM

HAMILTON COUNTY DRAINAGE BOARD
NOBLESVILLE, INDIANA

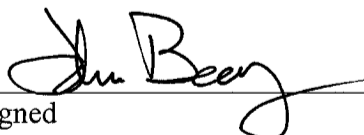

IN RE: A.J. Brock Reconstruction at Hazel Dell Road)
Hamilton County, Indiana)

PETITION FOR RELOCATION AND RECONSTRUCTION

The City of Noblesville, Indiana (hereinafter "Petitioner"),
hereby petitions the Hamilton County Drainage Board for authority to relocate and improve a
section of the A.J. Brock Drain, and in support of
said petition advises the Board that:

1. Petitioner owns real estate through which a portion of the A.J. Brock
Drain runs.
2. Petitioner plans to develop its real estate with roads, buildings, utilities, storm drains,
sanitary sewers and other structures.
3. Petitioner's proposed development of its real estate will require relocation and
reconstruction of a portion of the A.J. Brock Drain, as
specifically shown on engineering plans and specifications filed with the Hamilton
County Surveyor.
4. The work necessary for the proposed relocation and reconstruction will be undertaken at
the sole expense of the Petitioner and such work will result in substantial improvement to
the A.J. Brock Drain, without cost to other property owners
on the watershed of the A.J. Brock Drain.

WHEREFORE, Petitioner requests that an Order issued from the Hamilton County
Drainage Board authorizing relocation and reconstruction of the A.J. Brock
Drain, in conformance with applicable law and plans and specifications on file with the Hamilton
County Surveyor.

IN THE MATTER OF THE
RECONSTRUCTION OF THE
A.J. BROCK DRAIN, HAZEL DELL ROAD RECONSTRUCTION

FINDINGS AND ORDER FOR RECONSTRUCTION

The matter of the proposed Reconstruction of the **A.J. Brock Drain, Hazel Dell Road Reconstruction** came before the Hamilton County Drainage Board for hearing **on May 29, 2007**, on the Reconstruction Report consisting of the report and the Schedule of Damages and Assessments. The Board also received and considered the written objection of an owner of certain lands affected by the proposed Reconstruction, said owner being:

Evidence was heard on the Reconstruction Report and on the aforementioned objections.

The Board, having considered the evidence and objections, and, upon motion duly made, seconded and unanimously carried, did find and determine that the costs, damages and expenses of the proposed Reconstruction will be less than the benefits accruing to the owners of all land benefited by the Reconstruction.

The Board having considered the evidence and objections, upon motion duly made, seconded and unanimously carried, did adopt the Schedule of Assessments as proposed, subject to amendment after inspection of the subject drain as it relates to the lands of any owners which may have been erroneously included or omitted from the Schedule of Assessments.

The Board further finds that it has jurisdiction of these proceedings and that all required notices have been duly given or published as required by law.

Wherefore, it is ORDERED, that the proposed Reconstruction of the **A.J. Brock Drain, Hazel Dell Road Reconstruction** be and is hereby declared established.

Thereafter, the Board made inspection for the purpose of determining whether or not the lands of any owners had been erroneously included or excluded from the Schedule of Assessments. The Board finds on the basis of the reports and findings at this hearing as follows:

THE DRAINAGE BOARD OF:
HAMILTON COUNTY, INDIANA

IN THE MATTER OF:
ASSESSMENTS FOR ANNUAL **A. J. BROCK DRAIN, HAZEL DELL ROAD
RECONSTRUCTION**
in Hamilton County, Indiana

TO THE AUDITOR OF HAMILTON COUNTY

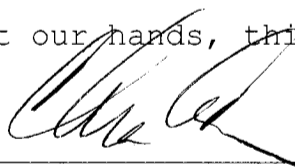

WE CERTIFY THAT THE SCHEDULE OF ASSESSMENTS ATTACHED, HERETO HAS BEEN ADOPTED PURSUANT TO Indiana Code, recodified 1982, to provide funds for annual maintenance of the above named drain; that due notice thereof has been published; that the period of time within which a judicial review could be requested has expired; and that the order of the Drainage Board fixing the assessment on each tract of land is now conclusive.

The assessments stated in the attached schedule are annual assessments and shall be collected year after year until such assessments are terminated or changed by order of the Drainage Board. Each annual assessment shall be due and payable in May and in November in each year. The first installment shall be due and payable in May **2008**.

All such installments may be paid without interest, but if not paid when due shall be subject to the same rate of penalty applicable to delinquent taxes.

The County Auditor is directed to enter the assessment according to this certification to the Ditch Duplicate of the county for collection by the County Treasurer.

IN WITNESS WHEREOF, we have hereto set our hands, this **29th day of May, 2007**.

BEFORE THE HAMILTON COUNTY DRAINAGE BOARD
IN THE MATTER OF

A. J. BROCK, HAZEL DELL ROAD RECONSTRUCTION

NOTICE

To Whom It May Concern and: _____

Notice is hereby given of the hearing of the Hamilton County Drainage Board concerning the reconstruction of the **A. J. Brock Drain, Hazel Dell Road Reconstruction** on **May 29, 2007, at 9:15 A.M.** in Commissioners Court, Hamilton County Judicial Center, One Hamilton County Square, Noblesville, Indiana. Construction and maintenance reports of the Surveyor and the Schedule of Assessments proposed by the Drainage Board have been filed and are available for public inspection in the office of the Hamilton County Surveyor.

**IN THE MATTER OF A J BROCK DRAIN, HAZEL DELL ROAD
RECONSTRUCTION**

NOTICE

Notice is hereby given that the Hamilton County Drainage Board at its regular meeting **MAY 29, 2007** adopted the reconstruction report of the Surveyor and the Amended Schedule of damages and assessments including annual assessment for periodic maintenance, finding that the costs, damages and expense of the proposed improvement would be less than the benefits which will result to the owner of lands benefited thereby.

The Board issued an order declaring the proposed improvement established. Such findings and order were marked filed and are available for inspection in the Office of the Hamilton County Surveyor.

If judicial review of the findings and order of the Board is not requested pursuant to Article VIII of the 1965 Indiana Drainage Code as amended within twenty (20) days from the date of publication of this notice, the findings and order shall become conclusive.

Re: AJ Brock Drain: Hazel Dell Road Reconstruction

Attached are as-builts, certificate of completion & compliance, and other information for Hazel Dell Road Reconstruction. An inspection of the drainage facilities for this section has been made and the facilities were found to be complete and acceptable.

During construction, changes were made to the drain, which will alter the plans submitted with my report for this drain-dated April 12, 2007. The report was approved by the Board at the hearing held May 29, 2007. (See Drainage Board Minutes Book 10, Pages 270-273)

The changes are as follows:

The 12" RCP reported at 228 feet (180', 48') is now 221 feet.

The 36" RCP reported at 1315 feet (900', 415') is now 1300 feet.

The 42" RCP reported at 2372 feet (1575', 797) is now 2335 feet.

The 48" RCP reported at 87 feet is now 91 feet.

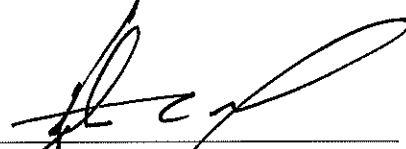

The length of the drain due to the changes described above is now **4124 feet**.

It should be noted that the original tile was removed in three places with this project. The first portion removed was with Arm 1. Arm 1 was removed between Sta. 0 to 10+75 (10" tile) and from Sta. 10+75 to 11+95 (18" tile). The second portion removed was the main tile from Sta. 0 to Sta. 7+05 (10" tile). This was more footage than originally reported but the location of the tile in the field was much closer to the road than originally thought. Therefore, the tile was destroyed between those two points to make room for the road. The third portion removed was the main tile as it crossed 169th Street. This tile was replaced between Sta. 11+63 to Sta. 12+64 with 93 feet of 12" RCP. So, after the removal of 1908 feet of original tile, the project added 2224 feet to the watersheds overall length.

A non-enforcement was not needed for this project. The project was not bonded as the improvements were paid for by the City of Noblesville.

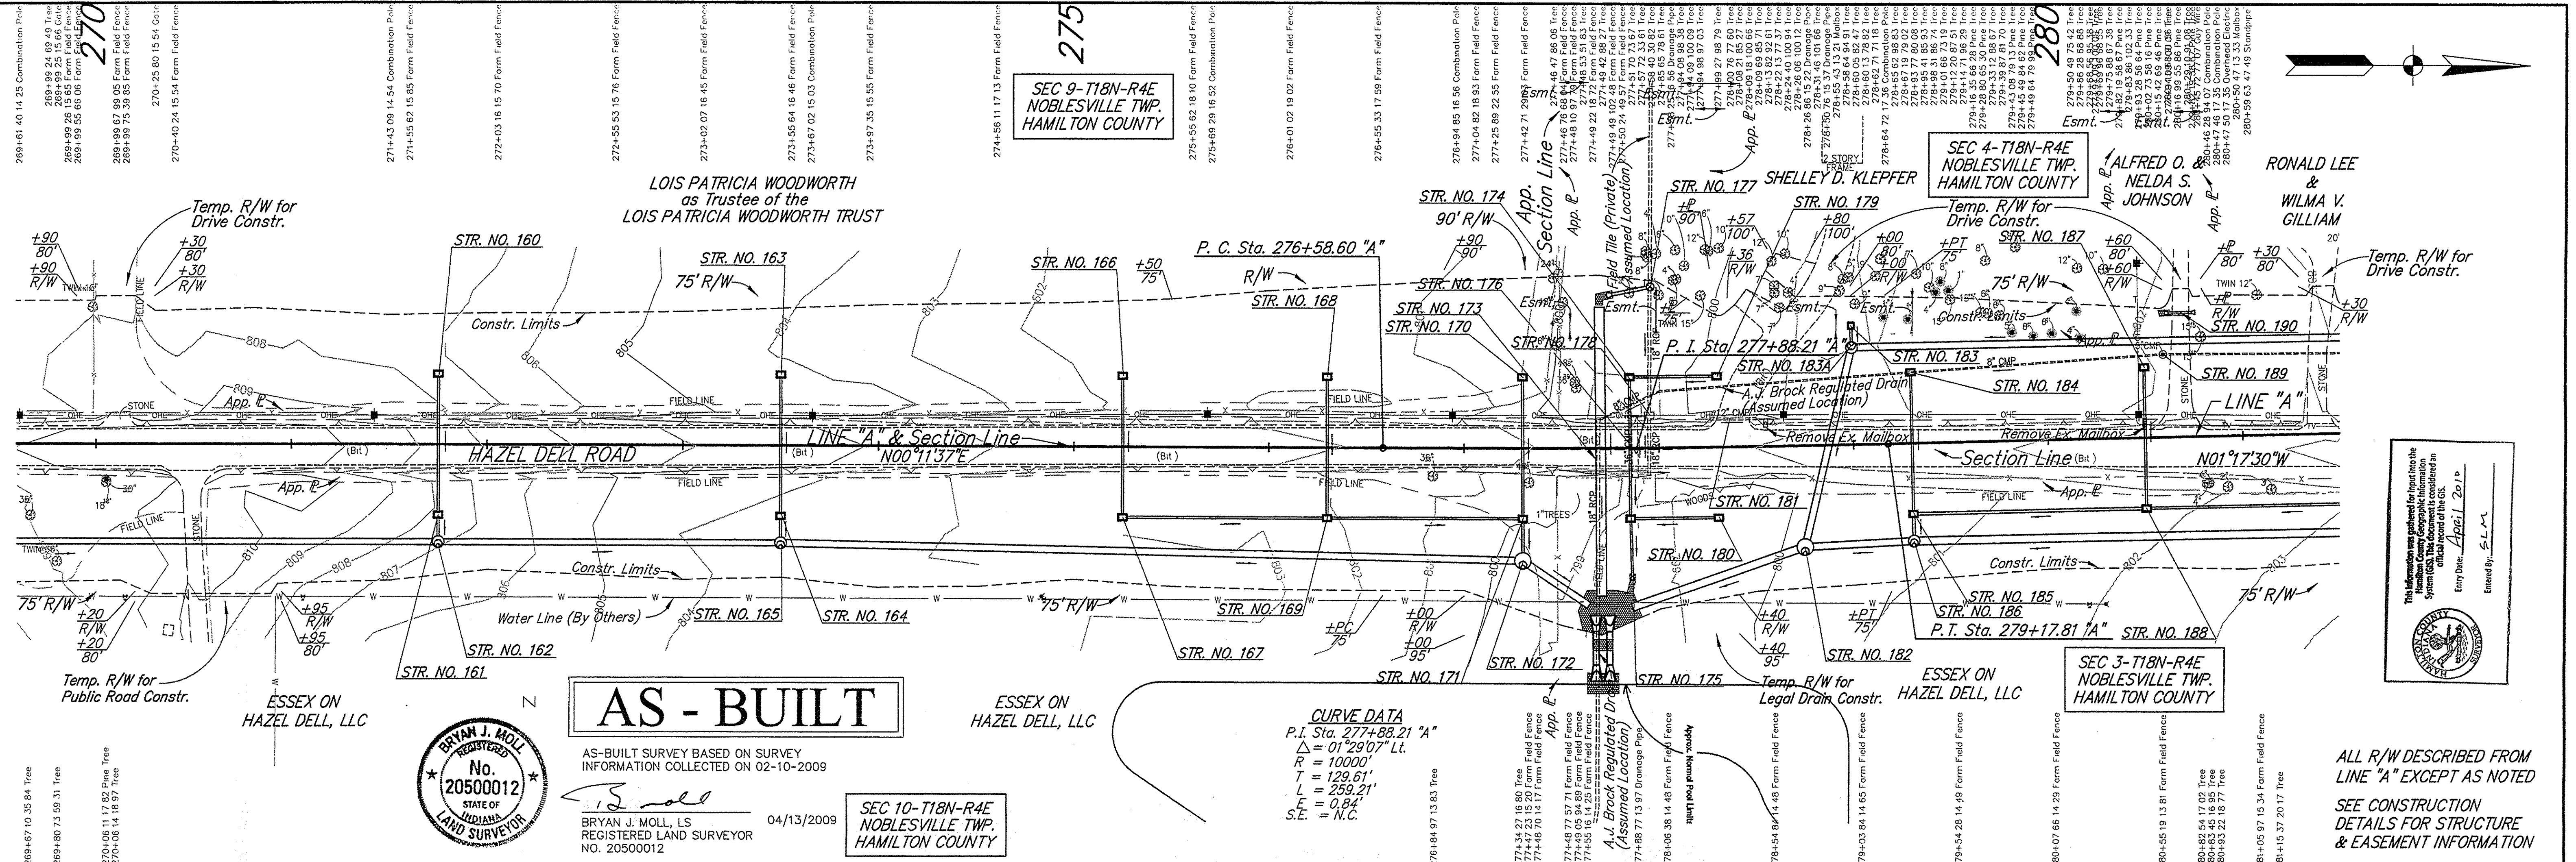

I recommend the Board approve the drain's construction as complete and acceptable.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kenton C. Ward', written over a horizontal line.
