**RE: Russell Shuggart Drain – Hazel Dell Woods Arm Reconstruction**

Attached is a petition and plans for the proposed reconstruction of the Russell Shuggart Drain. The reconstruction is being proposed by the City of Noblesville. The proposal is to reconstruct the Hazel Dell Woods Arm under Hazel Dell Road. This arm was outlined in my original report dated June 12, 2000, approved by the Board July 24, 2000; (Bk. 5; Page 402 & 403).

The reconstruction of the Russell Shuggart drain shall consist of the removal of 134' of 30" RCP pipe. It will be replaced with 134' of 36" RCP and 2 manhole structures numbered 268 & 269. This is reflected on plan sheets 40 & 60 prepared by American Consulting Inc., dated February 6, 2007, and have a project number of IN20050304.

No additional new footage will be added to the Hazel Dell Woods Arm, as the drain is being reconstructed; therefore the drain's length remains unchanged in place.

The cost of the relocation is to be paid for by the City of Noblesville and is within the boundaries of the public Right of Way of the City of Noblesville, who petitioned for the reconstruction. The project falls under the requirements as set out in IC 36-9-27-52.5, therefore, a hearing is not required for the petition.

The petitioner was not required to provide a performance bond since this is a City of Noblesville project. There is no new easement required for this drain as it is being reconstructed in existing easement and right of way.

I recommend approval by the Board at this time.

Sincerely,

HAMILTON COUNTY DRAINAGE BOARD  
NOBLESVILLE, INDIANA

IN RE: Shuggart Drain Reconstruction at Hazel Dell Rd )  
Hamilton County, Indiana )

PETITION FOR RELOCATION AND RECONSTRUCTION

The City of Noblesville, Indiana (hereinafter "Petitioner"),

hereby petitions the Hamilton County Drainage Board for authority to relocate and improve a section of the Russell Shuggart Drain, and in support of said petition advises the Board that:

1. Petitioner owns real estate through which a portion of the Russell Shuggart Drain runs.
2. Petitioner plans to develop its real estate with roads, buildings, utilities, storm drains, sanitary sewers and other structures.
3. Petitioner's proposed development of its real estate will require relocation and reconstruction of a portion of the Russell Shuggart Drain, as specifically shown on engineering plans and specifications filed with the Hamilton County Surveyor.
4. The work necessary for the proposed relocation and reconstruction will be undertaken at the sole expense of the Petitioner and such work will result in substantial improvement to the Russell Shuggart Drain, without cost to other property owners on the watershed of the Russell Shuggart Drain.
5. Proposed relocation and reconstruction will not adversely affect other land owners within the drainage shed.
6. Petitioner requests approval of the proposed relocation and reconstruction under IC 36-9-27-52.5.

WHEREFORE, Petitioner requests that an Order issued from the Hamilton County Drainage Board authorizing relocation and reconstruction of the Russell Shuggart Drain, in conformance with applicable law and plans and specifications on file with the Hamilton County Surveyor.
