

thereafter; that all bids for said work shall be sealed when filed; and said engineer and Commissioner reserve the right to reject any or all bids.

And the Board now appoints a competent engineer to superintend the performance and completion of said work.

And the Board now appoints

three disinterested freeholders of the county, who shall, upon actual view of the premises, apportion the estimated expenses of said improvement upon the real property embraced in said report and this order, according to the benefit to be derived therefrom and report the same to the county Auditor, pursuant to the statute in such case made and provided.

In the matter of the } Report of Reviewers
John Beale Ditch }

Comes now the viewers heretofore appointed by this Board, as to review the above mentioned ditch now file their report, which said report is in the words and figures following, to wit:

To the Honorable Board of Commissioners of Hamilton County:

We the undersigned appointed by the within order of Commissioners Court to review the proposed ditch herein described, do respectfully submit the following report.

In pursuance of the said order, we have viewed the location of the proposed ditch, and finding that such improvement will be conducive to the public health and convenience, and of benefit and utility to the inhabitants of the county, we have located the same, and appraised the benefits, and apportion to each parcel of land affected by the construction of said ditch, a share of work in proportion to the benefits to be derived therefrom. The number of cubic yards of excavation required for said work, and estimated

Term,

Day, 1880, Commissioners' Court.

cost of the same, depth of cut, width at bottom, and top, for each station of 100 feet, will be found in a tabular statement appended hereto, and made a part of this report.

The following is a description of the source and outlet and the route of said proposed ditch.

Commencing at a stake marked 0, 45 rods North, and 12 rods West of the South East corner of the South West corner of the South East quarter of Section 30, Township 19, North, Range 4 East, running thence East 790 feet, thence $N. 35^{\circ} E.$ 220 feet, thence East 590 feet, thence $S 4^{\circ} W.$ 320 feet, thence $S 29^{\circ} W.$ 840 feet, thence West 1260 feet, thence $S 71^{\circ} W.$ 390 feet, thence $S 31^{\circ} W.$ 430 feet, thence $S 10^{\circ} E.$ 650 feet, thence $S 52^{\circ} E.$ 290 feet, thence East 1460 feet, thence $S 27^{\circ} E.$ 420 feet, thence $S 5\frac{1}{2}^{\circ} W.$ 790 feet, thence $S 66^{\circ} W.$ 470 feet, thence $S 15^{\circ} W.$ 440 feet, thence $S 19^{\circ} W.$ 440 feet, thence $S 48^{\circ} W.$ 180 feet, thence $S 21^{\circ} W.$ 300 feet, thence South 2340 feet, thence $S 74\frac{1}{2} W.$ 840 feet, thence West 500 feet, thence $S 53^{\circ} W.$ 600 feet thence a uniform curve from $S 53^{\circ} W.$ to South 300 feet, thence South 600 feet, thence $S 32^{\circ} E.$ 600 feet, thence $S 8^{\circ} W.$ 500 feet, thence $S 48^{\circ} W.$ 680 feet, thence $S 77\frac{1}{2}^{\circ} W.$ 320 feet, thence $S 54\frac{1}{2}^{\circ} W.$ 800 feet, thence $S 11^{\circ} E.$ 1000 feet, thence $S 24^{\circ} W.$ 800 feet, thence $S 42^{\circ} W.$ 700 feet, thence $S 4^{\circ} E.$ 600 feet, thence $S 24\frac{1}{2}^{\circ} E.$ 700 feet, thence $S 27^{\circ} E.$ 1200 feet, thence South 200 feet and terminates at a stake marked 257, 42 rods East, and 61 rods South of the South West corner of Section 7, Township 18, North Range 4 East in Hamilton County.

The following is a tabular statement of the depth of cut and width at the top and at the bottom of said ditch at the source and at the outlet and at the end of each 100 feet thereof, also the estimated number of cubic yards of earth to be removed from each section of 100 feet, the estimated cost per cubic yard of removing the same, the estimated cost per section of 100 feet, and the total number of cubic yards of earth to be removed from said ditch and the total cost of removing the same. All measurements of depths and widths are in feet and ~~both~~ of feet.

We are united in judgment that the Westfield and Indianapolis Gravel Road is damaged in the sum of fifteen (15) dollars by the construction of said ditch across the same.

We estimate the cost per cubic yard in removing the earth from said ditch at 12 1/2 cts, except from station 18 to station 25 which we estimate at 20 cts per cubic yard.

The following persons are entitled to fees as follows in the matter.

John Beale for services in showing lands to viewers 3 da. \$4.50. Wainwright & Ball, abstractors 3 descriptions 25 cts. \$.75

We claim fees as such reviewers to date as follows:

Joseph Furnas,	10 days	\$20.00
Jacob Griffin	9 "	18.00
R. A. Worley	10 "	20.00

We further specify that all parties engaged in constructing the said ditch shall have the right of way to a distance of 33 feet from the centre of said ditch, after the first day of August 1882, while engaged in constructing said work.

In making the foregoing assessments we have taken into consideration the amount of work heretofore performed by the different parties affected by said ditch.

General Specifications

The total length of said ditch as described in the petition is 257 Stations of 100 feet each.

The fall of the established grade is as follows: From Station 0 to Station 123 is 130 feet to the Station. From 123 Station to 257 Station is 1700 feet to the Station.

We further state, that for the purpose of obtaining the above results, we found it necessary to employ the services of an Engineer. The expenses for surveying, leveling and preparing estimate of cost of construction and advertising will be found in our second Report, which will be herewith annexed.

We, Joseph Furnas, Jacob Griffin and R. A. Worley, reviewers of the John Beale Ditch, do, upon our affirmations, say that the estimates and apportionments made in the foregoing Report are just and equitable, as we verily believe.

Term,

Day, 1880, Commissioners' Court.
