To: Hamilton County Drainage Board

Re: Williams Creek Drainage Area, Claridge Farms #243 Arm

Upon review of the Williams Creek Drainage Area, I believe that the Claridge Farms Drain should be made an arm to the Williams Creek Drainage Area as the Claridge Farms Drain is a tributary to the Williams Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the Claridge Farms Drain when the remainder of the Williams Creek Drain is assessed for maintenance.

The Claridge Farms Drain was created per my report dated December 20, 1990 and approved by the Board at a hearing on March 18, 1991 (See Drainage Board Minute Book #2, pages 516 and 520). At present the Claridge Farms Drain maintenance assessment affects 96.87 acres and 230 lots. The rate of assessment for the drain is set at \$5.00 per acre with a \$25.00 minimum. This rate collects \$6,594.16 annually and the balance within the fund is \$27,908.30. There are no outstanding work orders for this drain at this time.

The current maintenance assessments, as per the existing rates set for the Williams Creek Drainage Area are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$3.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts are set at \$3.00 per acre with a \$15.00 minimum.

4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$16,833.30.

The following parcels that are part of Village of West Clay but drain through Claridge Farms should be assessed at the unregulated subdivision rate, since their regulated drain is maintained as part of the Village of West Clay Drain:

Parcel	Owner
17-09-28-00-43-002.000	Steven & Marla Nelick
17-09-28-00-43-003.000	Donato & Julie Ciaccia
17-09-28-00-43-004.000	Shekar & Divya Narayanan

The current balance of the Claridge Farms Drain shall be kept separate and these funds expended for needed maintenance on the Claridge Farms Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Williams Creek Drainage Area fund.

Future assessments for the drainage area of the Claridge Farms Drain will be made into the Williams Creek Drainage Area fund. No further maintenance collections for the Claridge Farms Drain shall be made after 2012 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for August 27, 2012.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

FINDINGS AND ORDER

CONCERNING THE MAINTENANCE OF THE

Williams Creek Drainage Area, Claridge Farms Arm

On this **27th day of August, 2012**, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the **Williams Creek Drainage Area, Claridge Farms Arm**.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.

OFFICE OF
HAMILTON COUNTY DRAINAGE BOARD
 July 27, 2012

RETURNED

Notice of Hearing to Establish Annual Assessments for the Periodic Maintenance of the
Williams Creek Drainage Area, Claridge Farms Arm.

Treadway, E Scott
 12439 Glendurgan Dr
 Carmel, IN 46032

Under the Indiana Drainage Code, all land which drains directly, or indirectly, may be assessed for either maintenance cost or reconstruction cost within the drain. In making the calculation for each parcel, the Drainage Board must calculate the percentage of the cost attributable to each parcel of land benefited. From time to time the assessments may be increased or changed. The chart below contains your proposed assessment and your percentage of the total annual maintenance contribution to the costs attributable to providing drainage to your land.

The Drainage Board has received a maintenance report and schedule of assessments which affects your land. You are hereby notified that the maintenance report of the County Surveyor and the schedule of assessments made by the Drainage Board have been filed and are available for public inspection in the office of the County Surveyor.

The Surveyor has estimated that the annual cost of periodically maintaining the entire drain is \$16,833.30. The schedule of assessments shows you are the owner of tracts within the drainage shed. The following is your pro rata share for each tract and the proposed annual assessment for those tracts: This assessment is not a charge for services associated with regulating the quality of storm water within your city or town.

Parcel: 17-09-34-00-04-012.000 Rate: Regulated Subd					
	Claridge Farms Drain Acres Benefited	Claridge Farms Drain Maintenance Assmt.	Williams Crk, Claridge Farms Arm Acres Benefited	Williams Crk, Claridge Farms Arm Maintenance Assmt.	% of Asmnt.
S34 T18 R3 Claridge Farm 1B Lot 30	One Lot	\$25.00	One Lot	\$65.00	0.39%
If Claridge Farms is combined with Williams Creek future assessments will be made to Williams Creek instead of Claridge Farms.					

A public hearing will be held by the Drainage Board in Commissioner's Court at **9:25 A.M. on August 27, 2012** on the Surveyor's maintenance report and the proposed schedule of assessments. The law requires that any objection must be written and filed not less than five (5) days before the above hearing on the ground that benefits assessed are excessive. Written evidence in support of objections may also be filed. The failure of any owner to file an objection constitutes a waiver of his right to thereafter object on such ground to any final action of the Board. On or before the hearing date the Surveyor or any owner of lands named in the schedule of assessments may cause written evidence to be filed in support of or in rebuttal to any objection filed.
