To: Hamilton County Drainage Board

Re: Williams Creek Drainage Area, Springwood #326 Arm

Upon review of the Williams Creek Drainage Area, I believe that the Springwood Drain should be made an arm to the Williams Creek Drainage Area as the Springwood Drain is a tributary to the Williams Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the Springwood Drain when the remainder of the Williams Creek Drain is assessed for maintenance.

The Springwood Drain was created per my report dated October 18, 2000 and approved by the Board at a hearing on November 27, 2000 (See Drainage Board Minute Book #5, pages 506 to 507). At present the Springwood Drain maintenance assessment affects 1.15 acres and 6 lots. The rates of assessment for the drain are set at \$150.00 per lot with a \$150.00 minimum, and \$300.00 per acre for roads. This rate collects \$1200.00 annually and the balance within the fund is \$4,822.50. There are no outstanding work orders for this drain at this time.

The current maintenance assessments, as per the existing rates set for the Williams Creek Drainage Area are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$3.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts are set at \$3.00 per acre with a \$15.00 minimum.

4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$401.50.

The current balance of the Springwood Drain shall be kept separate and these funds expended for needed maintenance on the Springwood Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Williams Creek Drainage Area fund.

Future assessments for the drainage area of the Springwood Drain will be made into the Williams Creek Drainage Area fund. No further maintenance collections for the Springwood Drain shall be made after 2012 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for July 23, 2012.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

FINDINGS AND ORDER

CONCERNING THE MAINTENANCE OF THE

Williams Creek Drainage Area, Springwood Arm

On this 23rd day of July, 2012, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the *Williams Creek Drainage Area, Springwood Arm*.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.
