Pages 28, 193

And the Board having seen and examined the report of viewers
 and profile herewith and having seen and examined proof of
 publication and notice of the finding of said report and being
 sufficiently advised does now order that said ditch be
 constructed in accordance with the report as returned the
 same having been approved and that the several assessments
 here in fixed collected as provided by statute in such
 cases

Term,

Day, 189

September Term 1891 to view a drain described in the certified copy of a petition and order of court for a ditch by Edwood Wilson and others handed us by the Auditor would represent that according to said order we on the day above mentioned to-wit: 3rd day of October 1891 in company with J. S. Cagner a civil engineer made an accurate survey of the line of said proposed ditch from its source to its outlet. A plat of said ditch is filed herewith including the survey by the engineer marked Exhibit B. We caused stakes to be along said line each one hundred feet numbering down stream as shown by plat. We also made a computation of the total number of cubic yards of earth to be removed from said drain and estimated the total cost for the construction of the works at Three Hundred and fifty Dollars. We also apportioned and set apart to each parcel of land a share of said works in proportion to the benefits received all of which will fully appear by a tabular statement in this report. We have also set out by statement below the names of the owners of lands benefited with a description of

including the survey by the engineer marked Exhibit B
He caused stakes to be along said line each one hundred feet numbering
down stream as shown by plat. He also made a computation of the total
number of cubic yards of earth to be removed from said drain and
estimated the total cost for the construction of the works at Three
Hundred and fifty dollars. He also apportioned and set apart to
each parcel of land a share of said work in proportion to the
benefits received all of which will fully appear by a tabular state-
ment in this report. We have also set out by statement below
the names of the owners of lands benefited with a description of
each tract of land and the amount assessed against each tract. The
depth of cut the width at bottom and width at top along said drain
is also shown a tabular statement in this report after a full and
careful view and examination we are of the opinion that the
drain as located by survey will be of public utility a benefit
to the health and that the cost of construction will be less than the
Benefits to be derived and should be located and constructed in
and along the line of the old channel or ditch previously constructed
as follows To-wit: Commencing about 47 rods west of the SE
Cor of the N¹/₂ NW¹/₄ of Sec 6 Tp 18 Range 5 - thence 31° South 200 South
69° South 200 South 27° East 270 South 6° East 360 South 24° West
470 South 22° West 420 South 22° East 550 South 28° East 140 South

Careful view and examination we are of the opinion that the drain as located by survey will be of public utility a benefit to the health and that the cost of construction will be less than the Benefits to be derived and should be located and constructed in and along the line of the old channel or ditch previously constructed as follows To-wit: Commencing about 47 rods west of the SE cor of the N¹/₂ NW¹/₄ of sec 6 T¹8 Range 5- thence 31° South 200 South 69° South 200 South 37° East 270 South 6° East 360 South 24° West 470 South 33° West 250 South 8° East 550 South 28° East 140 South 49° East 230 South 15° N 330 South 6° East 500 South 17° West 120 South 7° East 280 South 3° West 317 Terminating at Stony creek

The following statement shows who are benefited the lands thereof and assessed thereon location length of each share amount of assessments amount of benefits amount of dirt to be removed from each share price thereof per cubic yard and total cost of each share

CLERK, HAMILTON CO. IN.

Set for hearing
May 21-1926

State OF INDIANA)
HAMILTON COUNTY)

IN THE MATTER OF THE PETITION
OF
FOR DRAINAGE.

REPORT OF DRAINAGE COMMISSIONERS AND ENGINEER.

To the honorable Hamilton County.

We the undersigned Commissioners of Drainage and Engineer, to whom the above entitled petition for drainage of certain lands in Noblesville Township, Hamilton County, Indiana, was referred

Would respectfully report that we met on the line of said proposed *Elwood Wilson et al* Drain on the day of 1925 qualified and proceeded to view said Drain and lands effected thereby.

After a careful investigation of the conditions of said Drain, we are of the opinion that said Drain should be constructed, and in the manner set out below in this report and that the same when completed will improve the public health, and will reclaim certain lands, and will be of public utility, and will benefit several Highways, also that the cost of construction and repair, damages and expense of effecting said Drain will be less than the benefits to the lands effected by such drainage.

That we have definitely determined the best and cheapest method of effecting the drainage of such lands, we have fixed the route, location, and character of said proposed work and have fixed the same by metes and bounds, courses, distances, descriptions and guides and Bench Marks, so as to provide for a complete outlet for the drainage of the lands effected by said proposed work; that we have divided the Ditch into sections of not more than 100 feet.

LOCATION.

Begin at the Head wall, on the E.M.Hare Ditch No. 2, the location of ~~xx~~ which ~~xxx~~ is 872 feet East ~~xx~~ and 1150 feet North of the South East corner of the South West quarter of section 32, Township 19 North, Range 5 East, and run thence West to Station 0+70; thence South 10 degrees West to station 4+75; thence South 22 degrees West to station 6; thence south 54 degrees west to station 7; thence south 32 degrees west to ~~xxxx~~ station 8+10 ; thence south 66 degrees west to station 11+75 ;thence south 85 degrees west to station 14+90 ; thence south 35 degrees west to station 16 ;thence south 44 degrees west to station 21 ; thence south 6 degrees west to station 27+30 ;thence south 82 degrees west to station 32 ; thence north 75 degrees west to station 37+20 ; thence north 48 degrees west to station 39+90 ;thence north 82 degrees west to station 42; thence south 85 degrees west to station 42+80 ; thence north 60 degrees west to station 43+25 ; thence north 40 degrees west to station 44+15 ; thence north 63 degrees west to station 45:50 ; thence west to station ~~xx~~ 47+25 ; thence south 40 degrees west to station 51+50 ;thence south 12 degrees west to station 52+50; thence south 21 degrees west to station 55:50 ;thence south 4 degrees east to station 57+20; thence west to ~~xxxx~~ station 59+25 ; thence south to station 60 ; thence west to station 62+80; thence south 52 degrees west to station 64+25 ; thence south 33 degrees ~~xxxx~~ west to station 65+60; thence south 38 degrees west to station 66+55; thence south 65 degrees west to station 68+46; thence south 72 degrees west to station 70+20 ;thence south 46 degrees west to station 71+30; thence south 10 degrees east to station 75 ; thence south 24 degrees west to station 77+50 ; thence south 15 degrees west to station 79;thence : south 33 degrees west to station 81;

II

LOCATION. CONTINUED.

THENCE south 21 degrees west to station 82; thence south 12 degrees
east to station 88; thence south 30 degrees east to station 89+20;
thence south 48 degrees east to station 91+30 ; thence south to
station 92; thence south 17 degrees west to station 94+60; thence
south 8 degrees east to station 98; thence south to station 99+70;
thence south 20 degrees west to station 100+50; thence south 14
degrees east to station 104; thence south 18 degrees west to station
105+50; thence south 2 degrees east to station 106+66 and terminat-
ing in Stony Creek at a point 200 feet west and 160 feet north of
the southeast corner of the southwest quarter of section 6, township
18 North, Range 5 East

LOCATION OF ARM.

Begin at a point 609 feet west and 76 feet south of the
Northeast corner of the south half of the northwest quarter
of section 6, Township 18 North, Range 5 East, run thence
south 45 degrees east to station 2+40 ; thence south 30 degrees
east to station 5+35, and enters the main ditch at station
71+30.

III

Said ditch to be constructed by excavating all the earth, mud, slush, boulders, rocks and stones from the bed of said ditch, to the depth and width shown on the tabulated statements of cuts and widths.

Said tabulated statement is hereby made a part of this report.

All materials excavated shall be equally distributed on both banks by alternating the lifts, and shall be deposited not nearer than Four Feet from the break of the banks (meaning the line as indicated by the slope with the general elevation of the ground). Said materials not to be left in heaps or piles.

Said Ditch shall be cut true to the line of widths, and grade given by this report, and shall have side slopes of 1 to 1 or 45 degrees.

All trees, stumps, briars, and weeds to be cut, grubbed and removed from the banks for a distance of two rods on each side from the center line of the Ditch.

We the undersigned Viewers and Engineer
to whom was referred the above entitled petition for report,
after being duly sworn, upon oath say that we have personally
examined the whole line of said proposed Ditch, that the assess-
ments herein made and reported are correct, just and equitable
to all parties herein named as interested, that no other lands
will be benefited or injured by said proposed Drain, and that
the above and foregoing report is true in substance and in fact
as we verily believe.
