RE: Elwood Wilson Drain

Recently, it has been brought to my attention that the minutes of August 1, 1983 and the action the Board took at that time, concerning the Elwood Wilson Drain, needs to be clarified. The Surveyor stated in his report dated June 1, 1983, that the drain was to be relocated across the Nelson property. The Board approved the Surveyor's report, including Area A and the relocation on the Nelson property, but, omitting approval of Area B of the report.

The Board needs to address this oversight and have entered into the minutes that the relocation discussed above was approved.

Sincerely,

Kenton C. Ward—County Surveyor
