Re: Cool Creek Drain, Habig Extension

Attached is a drain map for the Cool Creek Drain, Habig Extension. This proposed drain is located in Washington Township.

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch – 211 feet

The Cool Creek Drain, Habig Extension shall begin at the east right of way of U.S. 31 which is the current terminus of the Cool Creek Drain, Overman Harvey/William Knight Extension, per my report dated November 3, 2006 and approved by the Board at hearing on February 26, 2007 (See Hamilton County Drainage Board Minutes Book 10, Pages 95 to 98), thence running downstream within the existing Cool Creek Tributary 211 feet to the west right of way of Westfield Boulevard. This point is the current terminus of the Cool Creek Drain, Cool Creek Park West Arm, per my report dated March 21, 2008 and approved by the Board at hearing on May 27, 2008 (See Hamilton County Drainage Board Minutes Book 10, Pages 170 to 172).

The nature of maintenance work required is as follows:

1. Bank erosion protection and/or seeding as might be required;
2. Removal of debris and/or blockages from existing open drain;
3. Removal of beaver dams;
4. Any other repairs necessary to restore proper flow to the open ditch.

The frequency with which maintenance work should be performed is annually as required by the condition of the drain.

The easement for the drain on the parcels should be set at 75' from the top of bank as set out in IC 36-9-27-33. According to the FEMA Flood Insurance Rate Map, Map Number 18057C0119F, the area for the Cool Creek Open Ditch is covered by the floodplain for Cool Creek. Therefore, I believe that no damages will result to landowners by the regulating of this drain.

Regulated Drain easement will be added to the following tracts:

<u>Parcel</u>	<u>Owner</u>
09-09-13-00-00-007.001	Lynn & Robert D. Habig

I recommend that the Board set a hearing for this extension for June 28, 2010.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor
