To: Hamilton County Drainage Board

Re: Fertig Drain

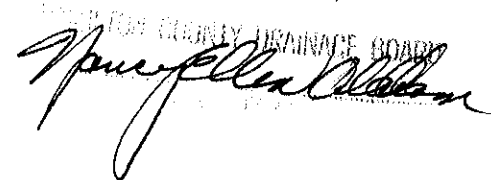

Attached is a plan showing the re-building of the storm structure on the Fertig Drain. This structure is located at the north property line of the Meridian Technology Center. This redesign was needed because of tailwater in the 48" line.

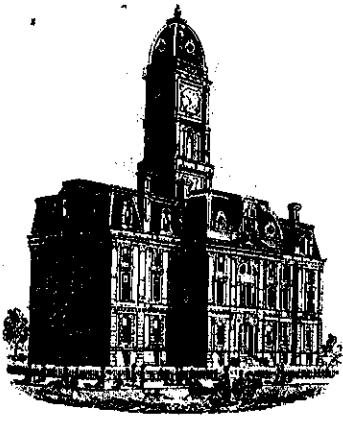

An inspection of this will be made in the 2nd quarter of this year.

RE: W.R. Fertig Drain

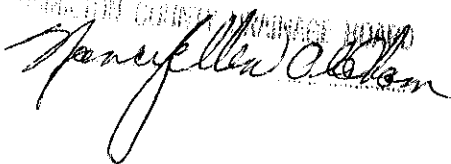

On August 11, 1987 I inspected the reconstructed manhole on the North line of the Meridian Technology Center. This reconstruction was discussed in a letter to the Board dated January 9, 1987.

At this time I found the work on the structure to be complete and acceptable.

Sincerely,

Kenton C. Ward
Hamilton County Surveyor
