To: Hamilton County Drainage Board

Re: Little Eagle Creek Drain, Washington Township #186 Arm

Upon review of the drainage sheds, I believe that the Washington Township Drain should be made an arm to the Little Eagle Creek Drain as the Washington Township Drain is a tributary to the Little Eagle Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the Washington Township Drain when the remainder of the Little Eagle Creek Drain is assessed for maintenance.

The Washington Township Drain was created on June 5, 1876 per the Hamilton County Commissioners' Court. On May 14, 1984 the Board held a hearing to establish the drain maintenance assessment for the Washington Township Drain per my report dated March 5, 1984. (Drainage Board Minutes Book 1, Page 586). At present the Washington Township Drain maintenance assessment affects 616.39 acres. The rate of assessment for the drain is set at \$75.00 per acre for roads, \$2.00 per acre with a \$15.00 minimum for residential and agricultural tracts, \$75.00 per acre with a \$75.00 minimum for commercial, institutional, and multi-family tracts, \$5.00 per acre with a \$35.00 minimum for platted un-regulated subdivisions, and \$10.00 per acre with a \$65.00 minimum for regulated drain subdivisions. This rate collects \$8,075.96 annually and the balance within the fund is \$21,770.09. There are no outstanding work orders for this drain at this time.

The current maintenance assessment will revise as per the rates set for the Little Eagle Creek Drain which are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$2.00 per acre with a \$15.00 minimum.

3. Maintenance assessment for non-platted residential tracts are set at \$2.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$3,065.62. This includes the increased maintenance assessment amount for the Washington Township Drain – Springmill Self Storage Shed Change hearing that was held January 24, 2009.

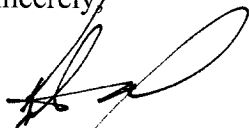

The current balance of the Washington Township Drain shall be kept separate and these funds expended for needed maintenance on the Washington Township Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Little Eagle Creek Drain fund.

Future assessments for the drainage area of the Washington Township Drain will be made into the Little Eagle Creek Drain fund. No further maintenance collections for the Washington Township Drain shall be made.

The Washington Township Drain Reconstruction fund still has payment due in 2009 and will not be affected by this report. The Washington Township Drain Arm 1 Reconstruction fund still has payment due through 2010 and will not be affected by this report.

I recommend that the Board set a hearing for this consolidation for April 27, 2009.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

BEFORE THE HAMILTON COUNTY DRAINAGE BOARD
IN THE MATTER OF

Little Eagle Creek Drain, Washington Township Arm

NOTICE

To Whom It May Concern and: _____

Notice is hereby given of the hearing of the Hamilton County Drainage Board on the **Little Eagle Creek Drain, Washington Township Arm** on **April 27, 2009** at **9:20 A.M.** in Commissioners Court, Hamilton County Judicial Center, One Hamilton County Square, Noblesville, Indiana, and which construction and maintenance reports of the Surveyor and the Schedule of Assessments made by the Drainage Board have been filed and are available for public inspection in the office of the Hamilton County Surveyor.

BEFORE THE HAMILTON COUNTY DRAINAGE BOARD
IN THE MATTER OF THE

Little Eagle Creek Drain, Washington Township Arm

NOTICE

Notice is hereby given pursuant to Section 405 of the 1965 Indiana Drainage Code that this Board, prior to final adjournment on **April 27, 2009** has issued an order adopting the Schedule of Assessments, filed the same and made public announcement thereof at the hearing and ordered publication. If judicial review of the findings and order of the Board is not requested pursuant to Article Eight of this code within twenty (20) days from the date of this publication, the order shall be conclusive.

FINDINGS AND ORDER

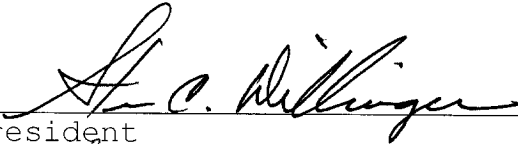

CONCERNING THE MAINTENANCE OF THE

Little Eagle Creek Drain, Washington Township Arm

On this 27th day of April 2009, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the **Little Eagle Creek Drain, Washington Township Arm**.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.
