To: Hamilton County Drainage Board

Re: Little Eagle Creek Drain, Cove Horney #36 Arm

Upon review of the drainage sheds, I believe that the Cove Horney Drain should be made an arm to the Little Eagle Creek Drain as the Cove Horney Drain is a tributary to the Little Eagle Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the Cove Horney Drain when the remainder of the Little Eagle Creek Drain is assessed for maintenance.

The Cove Horney Drain was created by the Hamilton County Commissioners' Court per the viewers report dated July 11, 1903 and approved by the Commissioner's September 3, 1908. On March 1, 1971 the Board held a hearing to establish the drain maintenance assessment for the Cove Horney Drain (Drainage Board Minutes Book 1, Page 66). At present the Cove Horney Drain maintenance assessment affects 680.16 acres. The rate of assessment for the drain is set at \$10.00 per acre for roads, \$2.00 per acre with a \$15.00 minimum for residential and agricultural tracts, \$10.00 per acre with a \$75.00 minimum for commercial, institutional, and multi-family tracts, \$5.00 per acre with a \$35.00 minimum for platted un-regulated subdivisions, and \$10.00 per acre with a \$65.00 minimum for regulated drain subdivisions. This rate collects \$2,112.54 annually and the balance within the fund is \$3,652.47. There is one (1) outstanding work order for this drain at this time.

The current maintenance assessment, as per the existing rates set for the Little Eagle Creek Drain are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$2.00 per acre with a \$15.00 minimum.

3. Maintenance assessment for non-platted residential tracts are set at \$2.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$2,112.54.

The current balance of the Cove Horney Drain shall be kept separate and these funds expended for needed maintenance on the Cove Horney Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Little Eagle Creek Drain fund.

Future assessments for the drainage area of the Cove Horney Drain will be made into the Little Eagle Creek Drain fund. No further maintenance collections for the Cove Horney Drain shall be made after 2009 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for May 26, 2009.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

FINDINGS AND ORDER
CONCERNING THE MAINTENANCE OF THE
Little Eagle Creek Drain, Cove Horney Arm

On this **26th day of May 2009**, the Hamilton County Drainage Board has held a hearing on the Maintenance Report and Schedule of Assessments of the **Little Eagle Creek Drain, Cove Horney Arm**.

Evidence has been heard. Objections were presented and considered. The Board then adopted the original/amended Schedule of Assessments. The Board now finds that the annual maintenance assessment will be less than the benefits to the landowners and issues this order declaring that this Maintenance Fund be established.
