**Notes & Sketch:** See attached notes and map. WO-2012-00270

It should be noted that Structure 403 is not a solid lid manhole but a beehive lid manhole. The inspector GPS'd the drain from Structure 406 to Structure 401. Based upon the location of the structures there is actually 50 feet of open ditch from Structure 401 to the existing pond. Therefore, the length of open ditch increased from 16 feet to 50 feet.
