RE: Revis-Carson Drain Extension

Attached is a drain map for the extension of the Revis-Carson Drain. This proposed drain is located in Jackson Township.

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch - 275 feet

The extension shall begin at Sta. 74+97 of the Revis Carson Drain, per the Viewers Report to the Hamilton County Commissioners dated November 2, 1889. Thence run downstream within the existing Hinkle Creek 275 feet to its intersection with the Isaac Jones Drain.

The easement for the drain should be set at 75' from the top of bank as set out in IC36-9-27-33. According to the FEMA Flood Insurance Rate Map, Map Number 18057C0130F, this area is covered by the flood plain for Hinkle Creek.

Additional easement will be added to the following tract:

Parcel
03-06-05-52-00-001.001
Deming Road

Owner
Eugene D. & James E. O'Mahony
Hamilton County Highway

I recommend that the Board set a hearing for this extension for August 24, 2009.

Sincerely,
