Re: Stultz & Almond Drain

Attached is a petition and plans for the proposed relocation of the Stultz & Almond Drain. The relocation is being proposed by Ditch Road Properties, LLC. The proposal is to reconstruct Arm 1 of the Thomas Stultz Drain from the east side of Towne Road to the north side of 141st Street. This is being done as part of the Saddle Creek Section 2 Subdivision improvements.

10911

The line will consist of the following:

12" RCP 1,311 ft

The total length of new tile shall be 1,311 feet. The 1,200 feet of original drain between approximately Sta 25 of Arm 1 and approximately Sta 37 of Arm 1 shall be vacated. This proposal will add an additional 111 feet to the drains total length.

The cost of the relocation is to be paid by Ditch Road Properties, LLC. Because the project is to be paid by the petitioner and is within the boundaries of the petitioner's property, the project falls under the requirements as set out in IC 36-9-27-52.5. Therefore, a hearing is not required for the petition.

The petitioner has provided the Performance Bond as follows:

| Bond No.: | B21857075 |
| Bond Date: | June 28, 2002 |

I recommend approval by the Board at this time.

Sincerely,

Kenton C. Ward
Hamilton County Surveyor

The length of the drain due to the changes described above is now **1304 feet**.

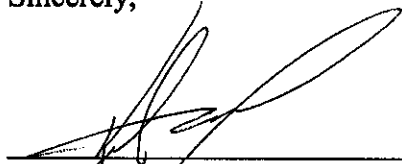

The non-enforcement was approved by the Board at its meeting August 26, 2002 on and recorded under instrument #200300011404.

The following sureties were guaranteed by Gulf Insurance Company and released by the Board on its October 11, 2004 meeting.
